PRESIDENT ROOSEVELT TO VISIT VICTORIA

JAPANESE AIR FLEET TO LAUNCH TERRIFIC ATTACK ON NANKING

All Diplomatic Officials, Except American, to Remain at Posts in Chinese Capital in Face of Warning to Evacuate City—Bombers to Destroy Centre of Resistance

NANKING, Sept. 21 (AP).—This city of 1,000,000 people today awaited grimly a terrific bombardment which the Japanese Navy announced would take place as soon as the noon deadline set by Japanese commanders for foreign diplomats and Chinese non-combatants to evacuate the capital of China passed.

The British Embassy decided not to evacuate the city. The French, Russian, Germany and Italian officials also stayed, at least temporarily, but the United States Embassy, under orders from Washington, temporarily left, setting up headquarters on a warship. In charge of the British Embassy is R. G. Howe, former counsellor, who was rushed to Nanking from London after Ambassador Sir Hughe Knatchbull-Hugessen was shot by a Japanese aviator.

MASS ATTACK PLANNED

After the zero hour for evacuation, Japanese stated, a huge fleet of Japanese bombers would fly over the city, already subjected to two severe bombardments yesterday morning and repeated smaller raids during the past few weeks.

They would attempt to destroy this "centre of resistance to the Japanese," it was announced.

Monday's raids demolished forty homes and killed at least forty Chinese civilians. It was ahead of Japan's own deadline, set as a

BRITISH SHIPS STILL ON GUARD

Admiral Little Refuses to Withdraw From Nanking Because of Bombing

TOKIO, Sept. 21 (CP-Havas).—Sir Robert Craigie, British Ambassador to Japan; received assurances today from the assistant foreign minister, Kensuke Horinuchi, that Japanese planes would do their best to steer clear of British property when they carry out their scheduled bombings of Nanking.

The Japanese Foreign Ministry issued a warning to foreign embassies and nationals to evacuate the Chinese capital before noon today, after which hour Japanese bombers would attack the city in an attempt to end Chinese resistance.

STAND FULLY APPROVED

LONDON, Sept. 20 (CP-Havas).—The British Government was reported irritated tonight over the Japanese request that British warships be withdrawn from Nanking, and spokesmen said the Foreign Office fully approved Admiral Sir Charles Little's rejection of the Japanese demand. Sir Charles warned that he would hold the Japanese fully responsible for any injuries suffered by British nationals as a result of the air raids.

The Japanese demand was considered entirely unjustified by British diplomatic observers, who pointed out the Japanese are in foreign territory and are thus unwarranted in ordering Britons from Nanking. Moreover, Britons were reported annoyed with the "peremptory" Japanese action and insist they are within their rights in staying in Nanking.

Italian Sailors Raid Anti-Group

TUNIS, Tunisia, Sept. 20 (AP).—Forty sailors from two Italian training ships raided the headquarters of an Anti-Fascist organization in this French port today and killed one of its members.

After wrecking the organization's offices, the sailors fled. Eight were arrested later.

EDEN STATES BRITISH AIM

Empire Wants World Peace But Nation Committed to Rearmament Policy

GENEVA, Sept. 20 (AP).—Foreign Secretary Eden today advised the world Great Britain is committed irrevocably to a policy of rearmament unless other nations cease competing for supremacy in arms.

Speaking before a hushed League of Nations assembly, Eden struck a note of mingled hope and pessimism. Despite the dark picture he painted and his implied rebukes of Germany and Italy, he emphasized Britain's determination still to strive for peace.

"One pledge I can give unequivocably to this assembly," he said, "is that the Government I represent will spare no endeavor to prevent war from engulfing Europe."

ARMAMENT REDUCTION

His pledge of Britain's peaceful purposes was coupled with his statement of willingness to agree to reduction and limitation of armaments.

Eden said war results in the "impoverishment of the victor to an extent only less than that of the vanquished, and that foreign participation in Spain's war "presents

BIG GOLD NUGGET FOUND IN NORTH

Specimen of Precious Metal Worth About $1,800 Discovered in Northern British Columbia

TELEGRAPH CREEK, B.C., Sept. 20 (CP).—A spectacular-appearing gold nugget, weighing 53 ounces, was left with the gold commissioner here today by its finders, Mr. and Mrs. Vern Shea, to be sent to the Dominion Assay Office at Vancouver. At prevailing gold prices the nugget would be worth around $1,800. They showed a second nugget, weighing 15 ounces.

The big blob of gold is of irregular shape, seven and one-eighth inches long, four inches wide and averages about one and one-half inches thick.

The Sheas said they found the nugget exposed on the bed of Alice Creek, a tributary of Boulder Creek, in the Little Muddy district of Northern British Columbia, last year, but that they kept their find secret until now.

Caught Off Breakwater

Fishing between Brotchie Ledge and the breakwater on Sunday afternoon, Sergeant Bob White, of Work Point Barracks, landed the sixty-three-pound spring salmon, pictured above. White is on the right and his angling partner, Sergeant Jack Morgan, is on the left. Their catch is the largest spring caught in local waters this year.

Many Weighty Issues Before Trustees Here

Proposal for Introduction of Instruction in Automobile Driving and Safety Education Is Most Controversial Subject Considered by Convention Now In Session Here

A WARM debate on the subject of the introduction of a course in automobile driving and road safety education into the high school curriculum was the highlight of the afternoon session of the British Columbia School Trustees' Association's thirty-third annual convention at the Empress Hotel yesterday afternoon. The resolution contained reference to the inclusion of a limited amount of such instruction as an optional four-period subject in the new course of studies announced this Summer by the Department of Education.

Submitted by the Coldstream School Board, and endorsed by the Okanagan branch of the association, the resolution originally called for an extensive compulsory course of instruction in safe automobile driving, rules of the road, and elementary automobile mechanics. It was slightly modified by an amendment suggested by Mrs. D. L. MacLaurin, Victoria, which drew attention to the pioneer work that had already been done in this field by the Department of Education, and urged an extension of the proposed course. In its amended form, the resolution was finally adopted.

THIRTEEN RESOLUTIONS

In all, thirteen resolutions were dealt with during the afternoon, with five approved, two approved as amended, one temporarily withdrawn, one rejected, and four referred back to the resolutions committee. The four latter, with one as yet unconsidered, and two notices

Mine Worker Drives Drill In Dynamite

NELSON, Sept. 20 (CP).—Nick Cjerninka, driller at the Queen Mine near here, was in a serious condition in hospital tonight with head and chest injuries suffered, when he accidentally drilled into a charge of unexploded dynamite.

Found unconscious in the mine by a fellow miner he was brought to the surface, treated at Salmo, B.C., and then brought here by ambulance. Doctors said he lost the sight of both eyes and gave him only a fair chance of recovery.

Wilkins Party Safe; Crew of Giant Plane Sleep After Landing

Noted Explorer-Aviator Sets Plane Down in Lake Near Aklavik—Doesn't Know His Position, But Thinks He Can Find His Way Out

FAIRBANKS, Alaska, Sept. 20 (AP).—Sir George Hubert Wilkins, unreported for several hours after landing in the big flying boat at a lake near Aklavik, was asleep and not missing, Soviet flight representatives here were informed late today.

Alarm was first felt for the noted explorer in the seventeen-ton flying ship, when the Wilkins' radio faded out as he attempted to make a landing at a lake near the Mackenzie River Delta.

RADIO IN CONTACT

But radio advices received here from Aklavik late today said:

"Wilkins was landing and his signals cut. He didn't go on the air again from late afternoon yesterday until noon today. He is in the delta somewhere. He doesn't know his position, but thinks he can find Aklavik as soon as weather clears. Aklavik is in communication with him all the time now.

"Wilkins' party and plane all okay. They went to bed last night as soon as the plane landed and missed all their afternoon broadcast schedules. They didn't wake until noon today."

Weather in the Aklavik area was reported poor today.

INDIAN FATALLY HURT BY MOOSE

Chief of Portage Tribe Charged By Wounded Animal—Carried Miles to Hospital

VANDERHOOF, B.C. Sept 20 (CP).—Portage Pius, chief of the Portage Indians, died today in nearby Prince George Hospital from gashes suffered when he was attacked by a bull moose.

Chief Pius shot the moose, and thinking it dead went for help to bring in the carcass. When he returned with three other Indians the moose charged him.

The chief was carried by a relay of Indians twenty-four miles to the west end of Stuart Lake, and from there forty-five miles by boat to Fort St. James. Then he was driven to Prince George by automobile, another eighty miles. An emergency operation was unsuccessful.

CITY RAISES WATER RATE

Relations With Saanich May Be Strained by Action Of Council

Relations between the City of Victoria and the Municipality of Saanich, over the claim of the former corporation that sewage from Saanich has been found to be discharging into city property at the southwest corner of Shelbourne Street and North Dairy Road and on the northeast side of Burnside Road at the city boundary, may be further strained through last evening's action of the Victoria City Council.

Reeve William Crouch, of Saanich, in a letter read before the City Council, described the city's complaint with reference to Burnside Road as "ridiculous," and assured the city "we do not propose to be dictated to by any outside body." The reeve further drew attention to the question of the price of water supplied by Victoria to Saanich. He alleged that one year ago a Victoria committee agreed to have prepared figures showing Victoria's costs submitted to the Saanich engineer and clerk, but that to date nothing has been presented "to our officials."

NOT A TARGET

In conclusion, the Reeve declared Saanich to be anxious to co-operate, but that the municipality strenuously objected to being a target by "any person or corporation for any purpose whatsoever."

The letter drew immediate comment from aldermen.

Alderman Dr. J. D. Hunter declared that at the request of a resident, he had looked at the alleged nuisance at Burnside Road, and had found a "lot of dirty muck" discharging there. "There is no use in saying that such a statement is "ridiculous," he commented. "That is not so. It was brought to the attention of Mr. Allan (Saanich engineer), and he said he would look after it."

"I'd like to know where city sewage is draining into Saanich," said Alderman W. L. Morgan.

WATER RATE RAISED

Alderman James Adam declared that part of the letter from the Reeve referring to water rates should be referred to the Water Board, and that section relating to sewage to the special committee of

SLAIN ON WAY TO NEW TRIAL

Kentucky General Killed—Brothers of Widow Shot Last November Surrender

SHELBYVILLE, Ky., Sept. 20 (AP).—Fire Chief W. Amyx said Brigadier-General Henry H. Denhardt was shot and killed here tonight.

Amyx said he understood three brothers of Mrs. Verna Gail Taylor, whom the General is charged with murdering, surrendered to police immediately after the shooting.

Denhardt was en route to New Castle, Ky., where he was to have been summoned tomorrow for his second trial on the murder charge.

Names of the brothers were not immediately learned. Amyx said he did not know which of them fired the fatal shot. The shooting Amyx said, occurred on the steps of the Armstrong Hotel. Other details were not immediately learned.

PROMINENT KENTUCKIAN

Denhardt, bald, portly and sixty-one, was a former Lieutenant-Governor and Adjutant-General to Kentucky. As a Kentucky National Guard commander he recently participated in military manoeuvres at Fort Knox, Ky.

Mrs. Taylor, attractive widow of La Grange, Ky., was shot to death near New Castle last November during the course of an automobile ride with the General.

Denhardt claimed Mrs. Taylor took her own life because of objections by her family to her marriage to the General.

Naval Court Sets Ship's Crew Free

HONGKONG, Sept. 20 (CP-Havas).—A naval court today acquitted members of the crew of the 5,234-ton British freighter Severn Liegh, charged with delaying the vessel's scheduled trip to Japan.

The crew refused to work after the vessel's arrival in Hongkong, charging the cargo was war material destined to be used in Japan's aggressive war against China.

Lieutenant-Governor To Be Host to Party In City on October 1

Ottawa Advises Hon. E. W. Hamber of Roosevelt's Acceptance of Invitation—Will Arrive in Morning by Destroyer From Seattle and Leave In Mid-Afternoon for Port Angeles

ACCEPTING an invitation of Premier T. D. Pattullo to visit British Columbia on his Western trip, President Franklin Delano Roosevelt will spend two and one-half hours in Victoria on October 1, it was announced at Government House and at the Premier's office last night. Mr. Roosevelt, with a party of fifty, will leave Seattle at 9.30 o'clock, arriving here at noon. The party will include Mrs. Roosevelt; Mr. and Mrs. John Boettiger, Seattle, son-in-law and daughter of the President, and their two children; Mrs. James Roosevelt, daughter-in-law, and other prominent personages of official Washington life, together with a number of press representatives.

Upon arrival here the President and Mrs. Roosevelt will be taken for an hour's drive by His Honor Eric W. Hamber, Lieutenant-Governor, after which Mr. and Mrs. Roosevelt and some members of the party will be entertained at an informal luncheon at Government House.

The Provincial Government has extended an invitation to lunch to other members of the party, including press representatives.

TWO WARSHIPS COMING

Two destroyers will convey the visitors to Victoria, precisely embarking on the second destroyer it was announced here tonight, in

Officers Cut Horns Off Deer to Save Him From Hunters

PORT ANGELES, Sept. 20 (AP).—If anybody shoots Roscow, a two-year-old mule deer, it won't be the fault of friendly game protectors. Roscow had been having things pretty soft, living on handouts from camps and farms. Then he grew a set of four-point horns—and hunting season on bucks opens on September 16. Game protectors sawed off his horns in the hope hunters will mistake him for a doe.

Monetary Survey Is Requested

EDMONTON, Sept. 20 (CP).—Appointment of an independent commission of internationally recognized economists to investigate Canadian monetary policy is urged in a brief that has been sent to the Provincial Government for submission to the Royal Commission on Federal-Provincial relations, in behalf of Alberta towns and villages. It is suggested that the members be "preferably men who have no affiliation with credit-loaning institutions."

Fifty-two incorporated towns and 147 villages are presented in the brief prepared at the request of the Union of Alberta Municipalities.

OAK BAY FIRE COSTS RAISED

Victoria to Charge Municipality $1,500 Per Month For Protection

The Municipality of Oak Bay will pay an increased rate for fire protection, it was decided at last evening's meeting of the City Council.

The present agreement between Oak Bay and Victoria will expire September 28, and the present rate of $1,000 per month will be increased to $1,500 per month.

The council adopted the recommendation of the fire wardens and authorized the purchase of a siren for the chief's car, 300 pairs of battery plates, and two tires. The erection of a storeroom at No. 2 Fire Hall, to cost $110, was also approved.

The present siren used by the chief is unsatisfactory, and will be returned. Net cost of new equipment is $77.76. The two tires, 40 x 8, which are to be purchased, will cost $184.10. Two other tires will be accepted in part payment.

Bombs Hurt Fourteen in Movie Shows

NEW YORK, Sept. 20 (AP).—Fourteen persons were injured tonight when tear-gas bombs exploded in seven Manhattan and Bronx motion picture theatres.

The series of bombings was the worst since the night of September 12 when more than fifty theatre patrons were injured as chemical mixtures were exploded in twenty-one theatres in what police said was a continuation of a dispute between two organizations of motion picture operators.

PROBLEMS OF CANADA SAFE

Lord Chief Justice of England Says Dominion in Good Hands

TORONTO, Sept. 20.—Canada's problems appear to be in good hands and contain nothing of an insoluble or irreparable character, Rt. Hon. Lord Reading of Bury, Lord Chief Justice of England, told the Canadian Club here today.

As for the minor problems you can of course afford to treat them lightly. None of you, I imagine, is likely to be kept awake nights by doubt of whether appeals to the judicial committee of the Privy Council are really worth the money they cost. None of you, I imagine, is disposed to waste much time upon the question whether Canada might usefully be annexed or absorbed by the United States.

ONE OF THE FAMILY

However perfect Canada's domestic bliss might be, you do not forget and do not wish to forget that you are one of the members of a large family. Nothing that

SITUATION IN EUROPE EASED

Pleas of Eden and Hull Reported to Be Having Good Effect

LONDON, Sept. 20 (CP).—Official belief in quarters watched tonight for signs of Europe had been eased by pleas of League Secretary Eden and U.S. Secretary Hull, of the United States, for international co-operation.

Report from Rome that a face-to-face discussion between Premier Mussolini and Foreign Minister Count Ciano for French participation in the Nyon anti-piracy patrol agreement had been worked out, also were considered as happy omens.

There was no comment came to the Mediterranean hot-spot with Britain and Italy in war ships under orders to end the mysterious pirate attacks that have grown out of the Spanish civil war.

ISOLATIONIST POLICY

Secretary Hull's declaration the United States must forego complete isolation was welcomed here as a possible extension of American aloofness from the troubled European scene.

British sources said the evidence of the moral support of the United States as outlined in Hull's international broadcast with Eden yesterday, "must impress Great Britain's peace-loving Europe."

The cautious British foreign problem was the Mediterranean anti-piracy patrol in which Italy so far has refused to participate without recognition of her "absolute parity."

Well-informed Fascist circles predicted in Rome that a tripartite agreement for a patrol including Italy, France and Great Britain, would materialize soonest.

LATE NEWS BULLETINS

SCORE OF PLANES SHOWER DEATH ON CANTON

HONGKONG, Sept. 21 (AP). — Twenty-one Japanese air planes showered down bombs on Canton, China's southern metropolis, in an air raid early today. The bombardment lasted ninety minutes. Reports from Canton said Chinese pursuit planes shot down three Japanese ships.

INSURGENT ADMITS ATTEMPT TO STEAL SUBMARINE

HENDAYE, Franco-Spanish Frontier, Sept. 20 (AP). — French police held under guard tonight a high Spanish military official who readily told them he had organized an attempt to steal a Spanish Government submarine from a dockyard at Brest, France.

EIGHT KILLED IN FRENCH TRAIN WRECK

ANGOULEME, France, Sept. 20 (AP).—Eight persons were killed and thirty injured, tonight, when the second section of the Bordeaux-Paris express smashed into the first section about ten miles from here.

ARTILLERY DUEL AGAIN BATTERING MADRID

MADRID, Sept. 20 (AP).—A devastating exchange of explosives shook Madrid today from dawn until after darkness. Tonight, the thunder of big guns and mines continued the city's fiercest artillery battle in months. The Agronomy Engineering School, in University City, on Madrid's western edge, was destroyed by Government mines. This almost completed the ruin of University City.

MAY ASK DEATH PENALTY FOR CONVICTS

SACRAMENTO, Cal., Sept. 20 (AP).—The possibility of death in California's lethal gas chamber confronted the five surviving Folsom convicts of the abortive prison break, in which a guard and two convicts were slain and eight others wounded, yesterday.

"CROOKS'" PAPER CEASES PUBLICATION IN WARSAW

WARSAW, Sept. 20 (CP-Havas).—A crooks' "trade paper" closed publication today—on the request of the police. The publication, called "Our Life," printed helpful hints and social and professional news for thieves, burglars and confidence men.

GRAY NOMINATED IN BY-ELECTION

Liberal Leader Chosen Candidate For Provincial Seat in Edmonton by Unanimous Vote

EDMONTON, Sept. 20 (CP).—E. L. Gray, of Brock, Alta., Alberta Liberal leader was nominated tonight as Liberal candidate in the forthcoming Edmonton provincial by-election at a Liberal nominating convention here tonight. The only other nominee for Liberal endorsement was J. S. Cowper, Edmonton newspaperman, who declined to allow his name to go before the convention.

Mr. Gray previously had been asked to stand in the Edmonton by-election, October 7, by a joint negotiating committee representing Liberals, Conservatives, People's League and U.F.A.

The by-election was necessitated by the death of G. H. Van Allen, Liberal.

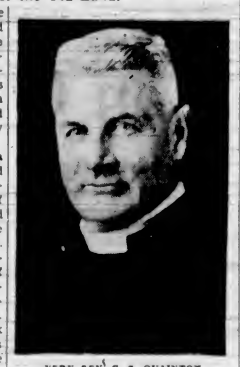

Farewell to Dean Attracts Throngs To Memorial Hall

Moving Tributes Paid to Very Rev. C. S. and Mrs. Quainton on Eve of Their Departure for Old Land—Presentations Include Cheque, Watch and Tray

PROFOUNDLY moving testimony to the deep and affectionate regard in which Dean Cecil S. Quainton and Mrs. Quainton are held not only by the Anglican communion but by all classes and sections of the community, was seen in the presence of between seven and eight hundred persons at the farewell tendered to them at Memorial Hall last evening on the eve of their departure for the Old Land.

The audience rose as a single person and applauded the Dean and Mrs. Quainton as they entered the hall to take their seats on the platform, and the programme of felicitous speeches and presentations reached its climax when once again the congregation rose and cheered them to the echo singing "For They Are Jolly Good Fellows."

The presentations included a beautifully illuminated address and more tangible souvenirs of affectionate remembrance in the form of a generous cheque, a solid gold watch for the Dean, and a handsome Sheffield silver tray for Mrs. Quainton, each gift suitably inscribed. After the formal part of the programme, the gathering adjourned to the flower-decked gymnasium, where the Dean and Mrs. Quainton said their personal adieux and shook hands with the hundreds of friends and well-wishers while the ladies of the parish served refreshments.

VERY REV. C. S. QUAINTON

BISHOP'S MESSAGE

In the unavoidable absence of Bishop H. E. Sexton, who has not yet returned from England, the chair was taken by the Chancellor of the Diocese, Lindley Crease, K.C. Archdeacon Nunns opened the proceedings with a short prayer, and immediately afterwards read a message from the Bishop in which he expressed his regret that he was unable to be present.

Eloquent tribute to the Dean and Mrs. Quainton was also paid by the Chancellor, who also read the presentation address: George Carter, churchwarden, on behalf of the signatories, handing the gift to the Dean, and Mrs. Bissell, president of the Ladies' Guild, presenting the tray to Mrs. Quainton. The address, beautifully illuminated, was the work of Leslie Hooper, and embodied in its design the arms of the Diocese and of the Province, as well as the dogwood and Easter lily.

Both the Dean and Mrs. Quainton feelingly acknowledged the tributes. In doing so the Dean recapitulated his reasons for retiring from office here, saying that he not only felt that he had reached the age when he should give a younger man a chance, but that he felt the pull of England and the desire, before his ministry closed, to "strike a blow for the Old Land." His statement that they had set apart the Summer of 1939 for a return visit to Victoria was received with long applause. Mrs. Quainton said she would always cherish the memory of her sojourn here.

PRESBYTERY IN FALL SESSION

United Churchmen Open Semi-Annual Parley at First Church Here

Ministerial and lay representatives of the United Church congregations of Victoria, Vancouver Island and Gulf Islands met last evening at First United Church in the semi-annual session of the Presbytery of Victoria.

The session opened with the observance of the Lord's Supper, at which Rev. Thomas Keyworth, Sidney, chairman of the presbytery, presided, assisted by Rev. W. P. Bunt, Nanaimo, and Rev. J. E. Bell, of First United Church. In the pre-communion address, Mr. Keyworth spoke on the Lord's Supper as a means of grace, the purpose of which, he said, was to bring the soul into contact with the living and reigning Christ.

During a brief business session, the chairman was requested to convey the greetings of the presbytery to Dean Quainton at the reception at Memorial Hall.

The latter part of the evening was occupied with meetings of the various departmental committees.

The chief items on today's agenda are an address by Dr. W. G. Wilson at 2 p.m. on the world conferences he attended in Great Britain, and a public missionary meeting in the evening. Rev. U. Laite, skipper of the Melvin Swartout, mission boat which operates out of Bamfield on the West Coast, and Rev. Dr. Armstrong, of West China, will give addresses on their work.

WEIGHTY ISSUES BEFORE TRUSTEES

Continued from Page 1

of motion to be introduced by the executive, are scheduled for consideration this morning.

A second highly controversial issue, on which no final action was taken, was a resolution of the Maple Ridge board which asked for a change of the Public Schools Act that would permit school boards to carry accident insurance on their students while on school premises.

COST OF TEXTBOOKS

A third resolution adopted, endorsed an inquiry by a committee representative of the Provincial Government and the School Trustees' Association into the subject of the cost of school textbooks, with a view to eliminating unnecessary expense.

Others approved advised that the Government be requested to take over half the cost of building Junior High Schools, that a leaving certificate be given to students passing out of Junior High Schools, reiterated a request made last year that there be a change in the method of taxation for purposes of education, lessening the present heavy burden of land taxation, advocated medical inspection of school children at least twice a year, and asked that free licence plates be issued for school buses.

Proposals with regard to an education-tax on non-property holders, and for equalization of taxation for library purposes were discussed at length, with the resolution concerned finally going back to the resolutions committee.

Mrs. J. P. Leeming, Duncan, chairman of the credentials committee, made a progress report showing that a total of 103 registrations had been received. Of these, there were eighty-eight official delegates, five secretaries, three life members and seven visitore.

COMMITTIES NAMED

Mrs. Edward Mahon, Vancouver, presided at both morning and afternoon sessions yesterday. During the morning she named committees to act during the convention, which is scheduled to end at noon tomorrow. Committees appointed were: Credentials, chairman, Mrs. J. P. Leeming, Duncan; W. J. Sparling, Maple Ridge, and Kenneth Ferguson, Victoria. Resolutions, chairman, J. W. Berry, Langley; J. P. Carr, Matsqui, and Mrs. C. W. Jack, Mission. Finance, chairman, D. B. Brankin, Surrey. By-laws, chairman, D. Chapman, Kelowna, and B. A. Edwards, Kamloops.

Greetings to the association were extended during the morning by Premier T. D. Pattullo, on behalf of the Province; Mayor Andrew McGavin, for the city; W. C. Moresby, K.C., for the Victoria School Board, and Mrs. Paul Smith, M.P.P., for the Minister of Education. Rev. Dr. A. S. Imrie, president of the Victoria Ministerial Association, conducted opening devotions.

PREMIER PATTULLO

The Premier introduced his remarks by expressing his delight at appearing "in the presence of this intelligent-looking body of people."

Stating that his hearers, the school trustees of the province, were engaged in one of the most difficult tasks of today—the task of educating the country's youth, he declared that the present period is a revolutionary one, and changes were to be expected.

"I know of no greater use to which you could devote your time than to the work that you are doing," he said.

MAYOR McGAVIN

Mayor McGavin declared that, while in no way wishing to enter into any controversial issues, he hoped the matter of a redistribution of the costs of education might form a part of the deliberations of the convention.

"It may be that school trustees feel that it is not within their province to discuss questions of finance, but I do know that the Victoria City Council is a little alarmed at the rising cost of education and the narrowing avenues of taxation," the Mayor said.

MRS. PAUL SMITH

Mrs. Paul Smith declared that it was a pleasure for her to be once again attending a school trustees' convention. In connection with the matter of a redistribution of taxes for educational purposes, she commented that in the United States free education was available for students up to twenty-one years of age, and expressed her opinion that there was a great need of occupational and industrial training for the vast majority of students who are unable to obtain specialized training at a university. Today industry was demanding training of a higher standard than that which high school graduates possessed, she said. Difficulties in the way of effecting a solution were many, but she was confident they could be overcome.

In his address of welcome to the delegates, Mr. Moresby outlined the plans that the local board had made for their entertainment while in the city.

PRESIDENTIAL ADDRESS

Mrs. Mahon, in her presidential address, drew attention to the activities of the association's executive meetings during the year, in number of meetings with parent-teacher organizations. Dealing with moves for greater efficiency in school organization, she thought consolidation of school areas by municipal councils would have good results, and referred to the consolidation effected in North Saanich as a case in point.

The president also expressed her thanks to other members of the executive for their co-operation and, in particular, was grateful for the work of George Grant, Vancouver, secretary.

Mr. Grant read the executive's and secretary-treasurer's reports.

J. N. Burnett, Vancouver, extended the greetings of the British Columbia Teachers' Federation, of which he is president, and declared that the success of the educational system in the province was the result of the close co-operation between trustees and teachers. He stated that teachers were solidly behind the new school curriculum.

Dr. W. G. Black, Vancouver, president of the British Columbia Parent-Teacher Federation, conveyed the fraternal greetings of that body.

HONOR GEORGE JAY

During the morning, a ceremony of interest was the presentation to George Jay, Victoria, of a life membership in the association. In conferring the honor on Mr. Jay, reference was made to his thirty years of service on the Victoria School Board. For twenty-seven years of that time, he was chairman of the board.

Executive of the association consists of Hon. Dr. G. M. Weir, honorary president; Mrs. Edward Mahon, Vancouver, president; George Grant, Vancouver, secretary-treasurer; W. N. McDonald West Vancouver, first vice-president; W. C. Moresby, K.C., second vice-president; Mrs. J. P. Leeming, Duncan; W. J. Sparling, Maple Ridge; D. Chapman, Kelowna, and J. P. Carr, Matsqui, executive members.

Highlights of today's programme are a business session in the morning, a trip to Butchart's Gardens in the afternoon, and the annual banquet tonight, when Inspector Albert Sullivan and H. N. McCorkindale, Vancouver, will be the speakers.

Empire Honors Late President Dr. T. G. Masaryk

INTERNATIONAL honors will be paid by the British Empire today in connection with the funeral of the late Dr. T. G. Masaryk, former President of the Republic of Czechoslovakia. Flags on Government buildings will be lowered to half-mast during the day, upon receipt of advices at Government House through state channels at the request of His Majesty the King. British Columbia will join in paying this mark of tribute to the former President of a friendly state, it was announced.

YUKON OPPOSED TO ANNEXATION

Mrs. George Black, M.P., Claims People Think Proposal Unjust

VANCOUVER, Sept. 20 (CP).—Mrs. George Black, Member of Parliament for the Yukon Territory, said in an interview here today the people of her constituency were "practically unanimous" in their opposition to any scheme which would merge the Yukon with British Columbia.

Mrs. Black reached Vancouver on Sunday after a holiday in the North, accompanied by her husband, Captain George Black, former Speaker of the House of Commons; Mrs. Black's son, Donald F. Purdy, of Oilfields, Cal., and his wife.

THINK SCHEME UNFAIR

Commenting on the annexation scheme, announced a few months ago by Premier T. D. Pattullo, Mrs. Black said:

"The people of the Yukon think it most unfair—that such action is contemplated in entire disregard of the wishes of those most affected.

"It has been stated that the Dominion Government proposes to pay the Government of British Columbia a bonus of $125,000 or more annually for a period of five years. I suggest that if that sum or even a smaller amount is contributed to the Yukon instead of to British Columbia, the Yukon can carry on efficiently, happily and honestly, without any help from British Columbia."

GOVERNOR TO BE HOST OCTOBER 1

telegrams from the Secretary of State at Ottawa.

At 2:30 o'clock the party will board the destroyers for Port Angeles.

Premier Pattullo tonight said his invitation to the President was very graciously supported by Prime Minister Mackenzie King. Both Victoria and Vancouver City Councils had invited the President to visit their cities if time permitted, and tonight's announcement came as most welcome news to Victoria.

INFORMAL LUNCHEON

In a statement from Government House, Hon. E. W. Hamber said: "We have received information that the President of the United States will visit Victoria for two or three hours en route to Port Angeles on October 1, and the tentative arrangements are that the President and his immediate party will at the invitation of the Lieutenant-Governor lunch unofficially at Government House on that day."

The Victoria City Council at their regular meeting held last evening unanimously endorsed the action of Mayor Andrew McGavin in inviting President Roosevelt to visit this city during his tour.

The invitation sent to Hon. Fernand Rinfret, Secretary of State, Ottawa, tendered greetings from this city, and a sincere and cordial invitation to honor Victoria with a visit.

Entertainment of the Presidential party insofar as the city will be affected was left in the hands of His Worship with power to act.

ON SPEAKING TOUR

HYDE PARK, N.Y., Sept. 20 (CP).—A little more than a year after he paid an official visit to Canada as the guest of Baron Tweedsmuir, President Franklin D. Roosevelt will again visit the Dominion, this time going to Victoria, while on a speaking tour of the Western United States.

A tentative itinerary of the President's Western trip, issued today from the Summer White House here, showed the President and his official party, including Mrs. Roosevelt, would be in the British Columbia capital at the end of the month.

Mr. Roosevelt's last trip to the Dominion was late in July, 1936. Then he visited the Governor-General and Lady Tweedsmuir at the Citadel, viceregal Summer residence in Quebec City.

INFORMAL VISITS

Previously he had spent some time at his mother's Summer home on Campobello Island, N.B., at the conclusion of a yachting trip. He has made several informal visits to Campobello in the past.

The President will open his West Coast speaking trip with a train platform talk next Friday morning at Cheyenne, Wyo., home town of Senator O'Mahoney (D., Wyo.), one of the leading opponents of his United States Supreme Court enlargement plan.

Mr. Roosevelt already had announced he would speak October 3 at Chicago on his return trip.

warning to foreigners to flee from danger.

ATTACK ON SHANGHAI

SHANGHAI, Sept. 20 (CP).—Chinese bombing planes dodged anti-craft shells tonight in a new raid on the Japanese military airfield in Shanghai's Yangtzepoo sector.

The new attack came after a day's lull in Chinese aerial activity. Several Chinese flyers dived to low altitudes to drop their explosives, but no planes, apparently, were shot down.

Health officials reported cholera was spreading in the foreign areas, with 1,015 cases and 120 deaths thus far. The disease was reported as reaching serious proportions among Japanese troops.

JAPANESE ADVANCE

PEIPING, Sept. 20 (AP).—Japanese troops in tanks and armored trains advanced tonight to within fifteen miles of Paotingfu, important Chinese stronghold in North China.

Steadily driving detachments of stubborn Chinese defenders down the Peiping-Hankow Railway, Japanese occupied the towns of Kiucheng and Ansuhsien.

One of the major engagements of the North China war, probably determining the outcome of that conflict, appeared shaping up at Paotingfu, where large numbers of Chinese soldiers are entrenched.

Japanese military authorities indicated those entrenchments and a vast part of Central China would be subjected to extensive air bombing attacks to shatter Chinese resistance.

CLAIM VICTORIES

TIENTSIN, Sept. 21 (CP-Havas).—Spreading out fanwise in the six different battle sectors of the North China front, Japanese armies pressed forward today to claim victories in almost all sectors, notwithstanding the muddy roads and hardening Chinese resistance.

CITY RAISES WATER RATE

Continued from Page 1

the council struck for that purpose. His motion passed.

Later in the evening, the council adopted the report of the water board: "In accordance with a recommendation of the board, March 27, 1918, and adopted by the City Council on the same date, and agreed to by the Saanich Municipal Council by letter dated April 9, 1936, your committee recommends that the Municipality of Saanich be informed that as and from March 31, 1937, the rate for all water supplied Saanich be 9.27c per 1,000 gallons."

The rate is now 7.5c per 1,000 gallons.

WANT MONEY REPAID

Finally Alderman Archie Wills, in a written report, declared the city's northwest sewer construction of pipe was larger than that originally intended, in order to provide for the use of the sewer by Saanich. The bigger pipe, he pointed out, entailed a greater cost to Victoria.

By agreement between the City and Saanich, dated July 13, 1920, he continued, the municipality's share of the cost was set at $46,225.29, and Saanich agreed to repay this amount with interest at the rate of 5 per cent per annum, within six months of the passing by Saanich electors, and the taking effect of a by-law for the raising of money for such a purpose.

Saanich, he maintained, undertook to submit such a by-law annually until it has been passed, but had not done so.

He, therefore, suggested the matter be placed in the hands of a special committee, already appointed to consider the advisability of the city asking Saanich to recognize the indebtedness. It was suggested the municipality make some nominal cash payment this year, and formulate a policy of repayment over a period of years.

His resolution carried.

BUSH FIRE AT KASLO

NELSON, B.C., Sept. 20 (CP).—Twenty fire-fighters tonight struggled against a bush fire which spread across a mile-wide front of burned-out area at Long Creek, fifteen miles from Kaslo, B.C. The season's largest fire, it was one of four started in the Kaslo-Slocan district by lightning, recently.

"SUFFERED SIX YEARS WITH CONSTIPATION"

"For six years I suffered with constipation, and I decided to try ALL-BRAN. I have been eating it once a day for about four years, and it has certainly done the work."—Mrs. Herman Futrell (address on request).

Tests prove that Kellogg's ALL-BRAN is safe and effective for correcting common constipation.

Within the body, ALL-BRAN absorbs twice its weight in water, and gently exercises and cleanses the intestines. It also furnishes vitamin B to tone the intestines, and iron for the blood.

Just eat two tablespoonfuls daily, either as a cereal with milk or cream, or in cooked dishes. Three times daily in severe cases. You'll find this food far better than habit-forming pills and drugs. ALL-BRAN is sold by all grocers. Made by Kellogg in London.

New Curriculum Textbook Costs Show Net Saving

Hon. Dr. G. M. Weir, Minister of Education, Addresses B.C. School Trustees' Convention Here, Comparing Cost to Parents of Changes As Compared With Former Conditions

UNDER the recently-introduced new curriculum, there will be a net saving of $2.70 in the cost of textbooks for Grades 1 to 12, inclusive, the Hon. Dr. G. M. Weir, Minister of Education, said in a carefully-prepared and detailed statement made at the luncheon gathering of the British Columbia School Trustees' Association convention yesterday in the Empress Hotel.

Dr. Weir submitted this statement in answer to a resolution sponsored by one of the boards of trustees, requesting that the department inquire into the subject of school textbooks with a view to eliminating "the constant change and high cost" of texbooks. The cost of textbooks and of education generally in British Columbia was compared with that of Ontario and some of the Prairie Provinces. Dr. Weir's figures showed that for the year 1936-37 British Columbia paid but $16.55, as compared with Alberta's $18.70 for twenty-four textbooks common to both provinces. Alberta ranked as one of the low-cost provinces.

CHANGES INEVITABLE

With the recent overhauling of the British Columbia curriculum, it was inevitable that there should be several changes in prescribed textbooks, said the minister. This was due, in part, to the fact that in previous years necessary changes were postponed in deference to the opposition of the School Trustees' Association to frequent change. The association, therefore, was to a certain extent responsible for the increased number of changes this year.

"In a static system of education, a department might easily comply with the trustees' wish to make no change in prescribed textbooks, but in a progressive system some changes are inevitable, but these are kept down to a minimum," he assured the delegates.

SAVING IN COSTS

Dr. Weir's statement showed a saving of ten cents in textbook costs for the elementary grades, I to VI.

Junior high schools, Grades VII, VIII and IX, textbook costs for the current year (1937-38) were compared with those for the last school year (1936-37). This year's figures are quoted first in each instance:

Grade VII, $2.40 as against $1.75, an increase of 65 cents this year.

Grade VIII, $2.30 as against $1.35, an increase of 95 cents this year.

Grade IX, $2.30 as against $7.90, a decrease of $5.60 this year (textbooks in health and mathematics have been dropped, a textbook in physiology and arithmetic, algebra and geometry being substituted).

For Grades VII to IX, inclusive, the saving on textbooks is therefore $4.

HIGH SCHOOLS

The total increase in cost to the parents for purchase of textbooks for Grades X, XI and XII, necessitated by changes in the curriculum, was cited as $1.40, made up as follows:

Grade X, $5.50 as against $4.45, an increase of $1.05.

Grade XI, $1.35 as against $1, an increase of 35 cents.

Grade XII, no change.

Summary: Grades I to IX, saving in book costs, $4.10; Grades X to XII, $1.40, additional cost; net saving, $2.70.

Special reference was made to the replacement of Cornish's "Canadian Geography," which had been in use for thirteen years, by Denton & Lord's "World Geography for Canadian Schools"; the latter was a much superior book. In Grades I to VIII there were last year thirty-seven prescribed textbooks, of which sixteen were free. There had been only two changes in four years. At that rate, it would, Dr. Weir pointed out, take seventy-four years to make a complete change in the school textbooks for these grades. From Grades IX to XII, inclusive, there were last year a total of twenty-nine prescribed textbooks, and in the four years, 1933-34 to 1936-37, inclusive, there had been but five changes.

MEANS TO AN END

The new curriculum, Dr. Weir told the trustees as he arose to address them after being introduced by Mrs. Edgar Mahon, Vancouver, was but one of the means to an end, viz., to fit people for life in a changing world. In formulating its new system, the British Columbia Department of Education had met with much criticism from near and far, much of it being favorable. To assume a "static" state in education would be but to revert to the caveman era. That education which did not assist people to meet the conditions of a changing world was not a sound education. As a warning to those who found fault with that element in society which pursued the retrograde movements, the speaker quoted H. G. Wells to the effect that the more ignorant a man was, the easier it was for him to be anti-something.

It was encouraging to find commercial leaders in support of the new educational tendency, Mr. Putnam, president of the Canadian Chamber of Commerce, had recently supported the idea of the establishment of a Dominion-wide Bureau of Education Research that would act in advisory capacity to the educational authorities in gathering information concerning educational problems. While this would likely have to be developed under private foundation, as education would of necessity have to remain under control of the individual provinces, Dr. Weir thought the suggestion of value.

MRS. JANE McMILLAN DIES AT LADYSMITH

LADYSMITH, Sept. 20. — Mrs. Jane McMillan passed away suddenly, early Sunday morning, at the home of her daughter, Mrs. J. Patterson. Mrs. McMillan was born in Whitehaven, England, seventy-nine years ago, moving with her parents to United States while a child.

She came to Wellington in 1890, and to Ladysmith with her husband and family in the early years of the present century.

Surviving are her husband, Thomas McMillan, one son, Tom McMillan, of Nelson, B.C., and three daughters, Mrs. H. Thorley, Mrs. E. Watts and Mrs. J. Paterson, all of Ladysmith.

The funeral will be held Wednesday afternoon from the United Church, with interment locally.

VANCOUVER, Sept. 20 (C.).—Police reported today thieves broke into King Edward High School over the week-end, battered their way into the school office safe, and escaped with an undetermined amount of loot.

KNEES WENT STIFF IN HIS SLEEP

Agony to Move Them When He Awoke

"For three years," writes this City man, "I suffered with pains across the lower part of my back. In the morning, I awoke with knees so stiff that it was agony to move them. Special treatment would make the pain a little easier—but that was all. Then a friend recommended Kruschen, which my doctor said I might take. I began with about a coffee-spoonful first thing in the morning. To my surprise I found my rheumatic aches and pains disappearing. I kept on with Kruschen, and although I am more than middle-aged, I have been free from pain for two years, and able to go to my office every day."—A.W.

Rheumatic conditions are often the result of an excess of uric acid in the body. Two of the ingredients of Kruschen Salts have the power of dissolving uric acid crystals. Other ingredients assist Nature to expel the dissolved crystals through the natural channels.—(Advt.)

LOG SCALES SHOW GAIN

British Columbia Timber Operations Reach 1,892,000,000 Board-Feet

Despite a slow start at the first of the year and a future somewhat clouded through diverse market conditions, British Columbia's new log scale for the first eight months of this year reached 1,892,000,000 board feet, up 143,000,000 board feet from corresponding figures last year, according to Provincial reports yesterday.

Between January and August inclusively last year, the scale was 1,749,000,000 board feet, pointing to greater production in the current season.

AUGUST OUTPUT

During August, production included a log scale of 306,106,116 board feet, compared with 292,591,000 board feet in August last year; 2,769,318 linear feet of poles and piling, 108,000 pieces of hewn ties, and 15,000 cords of firewood.

The British Columbia Forest Branch, compiling the figures, pointed to a lag between production and scaling, but for all practical purposes the provincial log scale is indicative of operations in the woods for any given period.

EDEN STATES BRITISH AIM

Continued from Page 1

a pregnant danger for the peace of Europe."

Of Germany's demands for colonies, he said: "The problem of raw materials is not primarily, even substantially, one of colonies."

Turning to the measures to which Britain has resorted in the face of a steadily rearming world, Eden said:

EXPANDING WAR UNITS

"The British naval personnel is being expanded at a rate without precedent in our country in time of peace," he asserted.

"Only on rare occasions in our history have comparable naval efforts been made.

"At the same time, the programme for expansion and re-equipment of our air force is going forward, with the result that a formidable increase in our offensive as well as defensive power is being effected, while the equipment of our land forces has proceeded with increasing momentum.

"Since I last spoke, the continuous growth of industry for production for all three services has been taking place at vast extent."

Eden inferentially held Italy, who with Germany declined to attend the nine-power Nyon conference to rid the Mediterranean of piracy, to blame for the small areas offered her to patrol. Italy has demanded patrol parity with France and Great Britain.

"It was quite impossible to have attempted an elaborate plan in negotiations with a country not represented at Nyon," Eden observed.

In discussing the Spanish problem, Eden stressed London had backed all attempts to localize the civil strife in the Iberian Peninsula. The French initiative in this matter was a courageous step by a Government whose love of peace is recognized everywhere, Eden stated. He expressed the belief it was the main factor in preventing a European conflict.

MORE DANGEROUS PATH

"We have passed through a year of feverish anxiety—but the conflict has not spread beyond the Spanish borders," he commented. "This is of the utmost importance to us. It is useless to deny that violations of the non-intervention system occurred. However, if non-intervention were scrapped, Europe would march along a still more dangerous path."

In his remarks on Sino-Japanese hostilities, Eden said:

"The Chinese delegate, in a speech which deeply moved the whole assembly, gave us details of the appalling consequences of the warfare, and more particularly the aerial hostilities, in the Far East—details which must have shocked everyone of us.

"He has in no respect exaggerated the horror felt by us at home at this appalling loss of life. It must, unhappily, be admitted that not one of the several efforts made by third parties to end this conflict has been of any avail.

"It is especially tragic that these hostilities on a vast scale should have broken out in the Far East at a time when the omens seemed more auspicious than for some time past, for co-operation between the nations in that part of the world.

"Can anyone doubt that if this co-operation had been pursued, benefits must have accrued where now there is untold suffering among millions—to say nothing of the blow to trade and prosperity throughout the Far East?"

NANAIMO, B.C., Sept. 20.—Mrs. Mary McDougall, 677 Macleary Street, wife of James McDougall, captain of the Nanaimo football team when they brought the Connaught Cup West for the first time, died at noon today in Nanaimo Hospital, after a residence of sixteen years here. She is survived by her husband, and one son, Robert, Nanaimo, and two brothers and three sisters.

Council Makes Grant To Pay Maintenance Of Juvenile Wards

Sum of $884 Is Tendered Children's Aid Society —Corporation Rejects Offer of Property on Blanshard Street—Building Permits

A GRANT of $884.86 was made to the Children's Aid Society by the city at last evening's council meeting. Following the reading of a lengthy communication from the society regarding the maintenance costs, it was moved by Ald. Dr. J. D. Hunter, seconded by Ald. W. L. Morgan, that the sum be paid in the form of a grant to compensate the society for the excess of the actual cost of the maintenance of the city's wards, over the amount of the city's grant to the society for the year 1936. The resolution carried.

W. H. Davies, manager of the Empire Realty Company, Ltd., wrote the council with reference to the southerly portion of city lot 107, Blanshard Street. He declared that executors of the estate of Max Leiser would not agree to sell the property for a figure lower than the assessed valuation.

PROPERTY REJECTED

Dr. Hunter declared he would like to see the property acquired for a comfort station. Alderman Archie Wills, on the other hand, pointed out that the city had all sorts of property now, and that there was a piece of land available for such a purpose 200 feet away.

Though Alderman Edward Williams was of the same opinion as Alderman Hunter, the council voted against it, and Mr. Davies will be informed that the city is not in the market for the property at this time.

The claim of Mrs. Kendall for damages, sustained when she allegedly fell over a broken piece of roadway, was left in the hands of the mayor and the city solicitor with power to act. Though the city does not admit any liability, it is believed a grant will be made.

William Inglis, 861 Fort Street, in a letter to the council, drew attention to the fact that many building permits are taken out in the city and that the work is done by day labor.

"Any man or owner of a building can get a building permit in Victoria without first taking out a licence. In this way there is no protection for the businessman who has to pay a licence," he pointed out.

LOSS OF REVENUE

Mr. Inglis maintained the city was losing considerable revenue in this way, and suggested that no building permits be issued until a licence had been purchased.

After considerable discussion, the matter was referred to the legislative committee.

The finance committee approved a grant of $75 to the Seamen's Institute, and suggested that the municipal voters' list hereafter be mimeographed, instead of printed.

It was pointed out that if such a step were taken, the change would have to be made by a private bill to be submitted to the Legislature, and the procedure would be costly.

The matter was, therefore, referred back to the committee.

COST OF PRINTING

The only tender received for the printing of the list, asking 5 cents per name, was rejected. New tenders will be called.

The water board committee recommended that the city engineer be instructed to call for tenders for an old building standing on property belonging to the waterworks at the corner of Esquimalt and Admirals Road, that the building be removed and the ground left in a tidy condition. The recommendation was accepted.

The recommendation that St. Joseph's Hospital be granted a discount of 40 per cent on all water supplied the hospital, the laundry, the nurses' home, Vernon Villa and the X-ray department as from June, 1937, was queried by Alderman Wills. The committee will submit figures showing how much the discount will mean in dollars and cents.

The special committee on salaries and wages considering restoration of wage cuts will make a definite recommendation at the next meeting of the council, it was reported.

Obituary

CONFEDERATION'S ILLS

Perhaps the greatest ill of all from which Canada suffers is the debt of $7,000,000,000 which the country owes. This, however, is unlikely to be a subject dealt with by the Royal Commission which is shortly to commence its investigation into proposed changes in the Constitution in the matter of the relationships of the Dominion and the Provinces. There is, however, no problem that calls more urgently for solution than that of the condition in which the country finds itself after so many years of zeal in spending beyond the justification of any statesmanlike vision. The country is notoriously overtaxed. Taxation is duplicated by Federal and Provincial impositions. The bureaucracy of tax-collecting agencies is multiplied beyond all reason. There is a wastage going on that is a sour reflection on the common sense of the people as a whole.

If the Royal Commission on Federal-Provincial relationships can devise recommendations that will simplify government in Canada it will be justified, provided that those recommendations are adopted by the legislative bodies concerned. What it has to find to bring this desirable condition about is a new basis for Confederation, one that will reduce the number of Provinces and define in a clearer fashion than is now evident the respective powers of the Provinces and the Dominion, especially in relation to financial matters. The debt load in this country, apart from the obligations assumed through the Great War, is a reflection on the example which government should set the people to live within their means. The experiment in national ownership of railways alone has been a drag on prosperity because of the added burden of taxation it has imposed.

There is nothing that the present Royal Commission can do that cannot be achieved by Dominion-Provincial conferences and subsequent legislation to implement their findings. However, as in so many other instances, the Federal Government wishes to relieve itself of responsibility for reaching decisions. In the present instance the Royal Commission is handicapped because it is engaging on a problem which is just as much one for the Provinces as for the Federal Government, and yet the latter has appointed the Commission without provincial representation. Any recommendations, therefore, will have to be considered by the Provinces individually after they are made. Some Provinces may approve; others may be recalcitrant. That means that, in the event of disagreement, the whole question of any changes in the Constitution will be shelved until new steps can be taken.

It is to be feared that this issue of Dominion-Provincial relationships is being considered by the politicians more from the standpoint of rights rather than of responsibilities. The Federal authority is anxious to broaden its sphere of influence; the Provinces want to hold what they have and acquire a wider measure of power over the sources of taxation. There has been no statement on the subject which would lead to the belief that it is the people's interests that are being consulted. Those interests lie in some relief from the present burden of taxation, and a consequent reduction of interference through government in the country throughout its length and breadth. The Royal Commission has a wide scope—on paper—but the likelihood is that tacitly it knows the limitations under which it will operate. If it is concerned about the welfare of the people, its main preoccupation will be the recommendation of ways and means whereby taxation can be substantially reduced.

ONE WOMAN'S FAITH

Recently The Canadian Press carried a story of faith and courage under adverse economic conditions that should be an inspiration to others. Before the turn of the century Mrs. H. A. Jowett was established in the hotel business at Trout Lake in the Lardeau country, fifty miles south of Revelstoke. For six years business was good, the town boasting of 3,000 inhabitants at one time, and mining was booming in the surrounding district. Then a slump came that quickly left Trout Lake a ghost town, a deserted community of shadows and memories. Practically no business was done and visitors were few and far between. Mrs. Jowett did not give up, she was confident that the district would come back as a mining centre.

For more than thirty years Mrs. Jowett waited for prosperity to return. Through all that time guests were few, very few, but the dining-room always was kept ready, her best linen spread and her tables set. Mrs. Jowett's faith never wavered and her courage never faltered. A few days ago a party of fifty members of the Revelstoke Board of Trade stopped at the hotel for dinner in the course of a visit to new and revived mines that were bringing the surrounding country back to life and vindicating Mrs. Jowett's faith. The visitors filled the tables to overflowing, and after a hearty meal went on their way. Then, leaving her hotel and dining-room in other hands, Mrs. Jowett, despite her eighty-five years, donned her hiking clothes and set out on her annual prospecting trip into the rugged mountains. Her faith and courage may not bring her monetary returns with accompanying leisure and luxury, but they must have brought the kind of happiness that reaches deep into the soul—a magnificent reward.

MR. ABERHART'S STRENGTH

"Sixty weekly newspapers in Alberta have been canvassed to secure their views of Mr. Aberhart and Social Credit, and The Financial Post of Toronto prints their conclusions. The symposium of views leads to a conclusion that if an election were held now Social Credit would again win, but that both Mr. Aberhart and the gospel he espouses "are now in the down swing of public favor." The possibility is admitted that if all opposition parties merge into a single political unit the Social Crediters will suffer defeat.

The opinions expressed are interesting, because 95 per cent of the weekly papers canvassed are opposed to Premier Aberhart, and to Social Credit as well, which is regarded as impractical. The strength of Premier Aberhart is put down, in part, to the organization of Social Credit study clubs all over the Province. It is admitted that no one understands Social Credit, but this seems to make these groups all the more enthusiastic. Another reason is that those who have nothing to lose are with Premier Aberhart to the last man and woman. Mr. Aberhart, moreover, is what is known as a "spellbinder," and he has a group of men around him who are "spellbinders" of sorts. Then, his opponents are very much disorganized.

It is in the rural districts and in the back townships that the strength of Mr. Aberhart's following is found. He has almost unanimous support among former residents of continental Europe who have settled in Alberta. They have both hands up for something for nothing. In the cities the Aberhartian policies are losing ground, and there faith in Social Credit and respect for the Aberhartian Government continue to wane. It is, however, rural Alberta that decides the character of political rule. It is the dwellers there who will be the last to be disillusioned.

"THROUGH AMERICAN EYES"

Letters are being addressed to Mr. Mackenzie King, the Prime Minister, asking that protest should be made against broadcasting by a Mr. Boake Carter, of Philadelphia, who seems to be inspired with a somewhat malignant hatred of Great Britain. One of these letters claims Carter's constant vituperation is having a pernicious effect, and quotes "an amazing criticism of all British institutions, including the Crown," made by the daughter of a fine old Canadian family. The writer says he called her to task and found that her information had been "garnered" from the declarations of Carter.

It is very certain that if pronouncements against institutions of the United States were made through Canadian stations, there would be an outburst of indignation from many quarters across the line. Such would be an exhibition of the worst kind of taste and one calculated to disturb friendly relations between the countries, but there seems to be no kind of oversight over unlicensed speech over some of the American broadcasting stations. This is a pity. A protest by the Canadian Government, especially in relation to the unbridled language of Mr. Carter, would have an effect. Mr. Mackenzie King is now conversant with what is objected to and should make the necessary representations.

Where a Government puts real economy into effect it can have a surplus. That is the experience of South Australia, where Premier Butler has just announced a surplus of nearly four million pounds, and, as a consequence, a reduction of threepence in the pound on income tax and also a reduction in amusement taxes. British Columbia should make a study of South Australia to learn how to live within her means.

GENTLENESS

However she appears before me in these bright working years of her life, it is always with the same gentle manners and movements, never too hurried or too important to attend to other peoples' affairs, however tedious or trivial, or to give a helping hand when it was wanted.—From "Life of Annie Keary."

CHARLES KINGSLEY

With every person he met he instinctively struck some point of contact, found something to appreciate, often it might be some information to ask for, which left the other cheered, self-respected, raised for the moment above himself.—From "Life of Charles Kingsley."

WORRIES

Half the little frets of life would vanish if we would only be silent about them, and turn our attention to something else. Instead of reckoning up our blessings, which are many, we reckon up old worries, which are few. . . . We look at the carriage and four in front of us and never think of the donkey and cart which is behind.—Great Thoughts.

Note and Comment

By Sandham Graves

All things considered, I think this column used the Victoria Fair quite hansomely, and yet look what it did to me! I've got a cold such as would serve as a clinical demonstration either as a cold in the head, grippe or influenza, to say nothing of malaria and just plain sniffles. Next year, if there is a next year, I am going better prepared for the sudden changes in climate between the first and second fair buildings, between the tropical warmth of the industrial exhibits and the Arctic frigidity of the horse show. I shall attend in a bathing suit and sandals, carrying also a pair of sheepskin flying boots (hip-length) and an electrically heated leather overcoat, with fur-lined collar, ear-muffs, and goggles. That way I will be able to take the weather as I find it. Just now I am paying for my own neglect. My eyes are swimming, my head reeling, and I have used up seven handkerchiefs in seven minutes. People avoid me, as if I had the plague, and the only time I see human company is when a sneeze automatically blows me back into the same room with them. I have, morever, a cold in my mind. Like "Geezil," I could hate the world to pieces, today. On second thoughts, I think I shall take space at the fair, and rent out bathing suits and fur-lined overcoats, instead. In that way one could protect the whole public from the consequences of its folly. We might air-condition the buildings, but I doubt if anyone would listen to the plan. Of course there is a middle course. We might open a window or two in the hot buildings, and close them in the cold buildings; but no, that seems too simple; there would be a catch in it somewhere. Probably the windows are nailed down. Aw-ah-aah-t'shoo!

Formal opening of the new toll bridge over the Fraser River at New Westminster has been set for November 15, with details of a fitting ceremony to be worked out shortly. I do not recall the laying of the foundation stone, but no doubt we could have a ceremony with a completion stone at the end. This is the time you tuck away things in the masonry for posterity to admire: a copy of the British Columbia Gazette incorporating the bridge company, for instance; copies of the proceedings in the Seventeenth and Eighteenth Legislatures, in debate on the bridge; copies, say, of speeches by the present administration, assuring the House that the bridge would be paid for completely by tolls from its users; copies of the speeches of honorable and learned members, saying tourists would contribute 17 per cent of the tolls, and the bulk of the remainder would be paid willingly by farmers in the Fraser Valley; a picture of the Honorable the Minister of Public Works inspecting this public work; a picture of the Honorable the Minister of Municipal Affairs, bringing this new honor to his home municipality of New Westminster; a gramaphone record of the dialogue between the toll-keeper and the first Fraser Valley farmer to pay his tolls at the bridge, and the first tourist, ditto; the written acceptance in advance of the Mayor and Aldermen of Vancouver to say one-quarter of surplus tolls paid at the bridge, for the beautification of Stanley Park. An occasion of this kind should not pass without fitting commemoration. By all means let there be a last stone ceremony, and put these priceless records away for the benefit of posterity. Then, of course, there is the Nineteenth Legislature. It would be only just to have some record of its work at the site; but that could be arranged; no doubt the Nineteenth Legislature, for instance, could lift the tolls altogether, and so repeat history.

Congratulations are due to the Victoria Kiwanis Club, in association with city school trustees and the city police force, for organizing and perpetuating a system of traffic control at the schools. If nothing else matures from the plan, it will at least bring up a generation of boys and girls who, when they find themselves behind the wheel of a car, will be careful in driving by school playgrounds. This is a practical form of life saving, addressed to children at their most impressionable ages. The school patrol plan has been organized at every city school, and older boys and girls are taking their turn at playing traffic officers. Armed with a white belt and a red danger flag, they stand at the curb of school street intersections, and shepherd their own playmates across the trafficway in safety. The patrols have a second result, also, and that is among the motorists passing the schools. For the most part these drivers co-operate handsomely with the junior traffic patrols, lending reality to the enterprise, and absorbing some useful lessons for themselves. It is a fine plan.

Meteorologists on this continent are preparing to dog the paths of hurricanes this Fall with small instrument-carrying balloons that will rise to heights of twelve to fifteen miles above the surface of the ground. The instruments will record temperature, pressure and humidity. By this means it is hoped to learn more of the movement of hurricanes, so as to forecast them in the future. Great circular storms breed each Fall over the West Indies, and sweep north to the Atlantic Coast, creating havoc among settlements in their wake. How high are these storms, are they cone-shaped, what paths do their centres take, and much more data of a like nature, may be gleaned from the records of the strathospheric ballons, in time. Bit by bit man will learn about the chief air currents of the world, their causes and movements, and with this advancing knowledge he will be able to make the air safe for the air liners of tomorrow. What is taking place now that is new to such studies is the height test, perhaps the most important of all.

Glancing Over Sport

Thursday night in the Polo Grounds Promoter Mike Jacobs puts on his "carnival of fighters." No less than three world's championships are at stake on the card, and every one of them is set for fifteen rounds. Another non-title scrap brings together Fred Apostoli and Marcel Thil, bald-headed Frenchman. Some say it is a title bout, but the majority definitely say no. How can these two be swaping blows for the middleweight crown when a chap over in Tacoma, named Freddie Steele, is the champion? Sixto Escobar will risk his bantamweight title against a hard-hitting chap going by the name of Harry Jeffra. Escobar is my choice here. Then there's Pedro Montanez against Champion Lou Ambers for the lightweight diadem. Montanez will be the new titleholder after this argument. Ceferino Garcia will try to take Barney Ross' welterweight honors from him in the next fight. Ross will hand Garcia a boxing lesson before it's over. And Apostoli will hit the veteran Thil so often and so hard that the Frenchman will wish he had stayed in Paris. There's my winners right across the board: Ross, Montanez, Escobar and Apostoli. Don't say I didn't tell you.—J.D.

At a Price

Someone has said, "Experience is the best teacher," and we are inclined to agree with the truthfulness of this remark after hearing the following little story. A young lad, recently graduated into his 'teens, took on a job unpacking dishes at one of the local stores. Although he did not bother to inquire just what his day's wage would amount to, he had visions of a tidy little sum with which to pad his five-and-ten-cent-store bank. However, after sweating all day he was rewarded with 40 cents, which works out at the rate of 5 cents an hour. Adding insult to injury was the pay envelope the "chicken feed" was sealed in. It advised to the effect that the receiver should not spend all the money in one store, but should open a bank account. When the youngster beheld his fortune the world seemed to turn against him. Marching upstairs in the same store he apparently decided to end it all, and invested 30 of his 40 cents in a cap pistol. We imagine the generous gent who hired the lad smiled with pride at the day's events, but the little fellow took home more than a dime—he realized a wealth of experience from his first trip into the business world.—W.I.F.

The New Currency

Everything changes. If you come across, as you will, currency that looks like an overgrown premium certificate, do not be alarmed. Do not throw it away. Scrutinize it carefully. It will probably be a dollar bill . . . His Majesty, whose portrait is reproduced in the centre of the bill gazes mournfully at one in wide-eyed surprise. That is only to be expected. For the bill, like all advertisements for patent medicine, is printed in both French and English . . . Let us treat with our fellow-countrymen from Quebec with toleration and kindliness, but let us also have currency different from that highly-decorated paper, of which. If you gather ten pieces and send $1.78 to Department A-14, you receive in due course, a hand-engraved goldfish bowl . . . Candidly, though, two languages are really not enough. In this West, Oriental ideographs on the reverse of the bank notes, would please a considerable number of our citizenry.—B.G.

Dog Hairs in Cars

Many of us have been bothered by automobile upholstery messed up through the family dog shedding his hair. Horace, the inventor, suggests waiting for a breezy day, opening all windows, and driving along for a time at sixty miles per hour. But suppose the magistrate was not a dog lover? . . . A psychologist claims that bodily cleanliness is an important indicator of character, and that a clear, distinctive tone of voice indicates intelligence. We have heard a few radio announcers who answer the description, but hesitate to debate their intelligence . . . A test showed colors most easily read are black on yellow, green on white, red on white, blue on white, white on blue and black on white. Black and blue on an eye is also easily read . . . Aubrey told us one way to take off weight was to spend as many hours as possible in bed because the longer one sleeps the less time one has to eat . . . It has been remarked that a good education often serves to get a person into more intelligent trouble.—G.B.

ALBERTA'S POLITICS

Sir,—You gloat because Liberals and Conservatives (and perhaps C.C.F.-ers) are going to unite in Alberta against Social Credit.

Permit the Social Credit movement to gloat with you. We have all along stated that both Liberal and Conservative parties dine out of the same trough, and that the difference between them is that one is in and the other is out, alternately.

If finance can pack both parties into the same boat as the opposition to Social Credit, then we have what we want . . . a major party easily identifiable as Finance—supported and one that Social Credit can fight for what it is.

But I am compelled to smile at your happiness over the prospect of having the candidates of the new Liberal-Conservative-Finance coalition nominated, not by the new party itself, but by a mysterious group in Alberta called "The Economic League," but which you euphoniously called an "advisory council."

In that case we can, with propriety, call the new Liberal-Conservative party "The Charley McCarthy Party," with Finance taking the role of the "advisory council" or "The Economic League," and fulfilling the function in this jolly set-up of Edgar Bergen.

"The Economic League" which called the big meeting in Calgary the other day and which is now going to be the "Advisory Council" is none other than the organization that hired Professor Angus, of the University of British Columbia, to come to Alberta to fight Social Credit at the last election. The good professor, now rewarded by a job on the new Constitutional Commission, which is to turn Canada over to the banks, campaigned and campaigned.

He talked and talked over the radio until the day before election, with the result that Mr. Aberhart was elected with fifty-six members out of sixty-two.

Now could you tell us who "The Economic League" is; what is its membership, and who paid the bills for Professor Angus and his radio time? G. H. PETHICK.

EX-IMPERIALS

Sir,—One would think from some letters and reports that recently have appeared in the press that the Imperial Veterans' Association is composed of a group of disgruntled, ungrateful lot of ex-Imperials who have a chip on their shoulder and who are out to make as much trouble as possible for everybody in general and for the Canadian Legion in particular. Nothing could be further from the truth.

There are 200,000 ex-Imperials residing in Canada, 40,000 in British Columbia, and 7,000 on the south end of Vancouver Island. Surely no one would wish to deny them the right to organize if so doing they thought they could be of greater service to each other. Yet Mr. Gill and Colonel Foster would have the public think that, as there already is an ex-Imperial section to the Canadian Legion, that there is no need for such extra organization and that actually the ex-Imperial is well looked after and has nothing to complain of.

While I am sure the ex-Imperial is not ungrateful for what little the Legion has been able to do, it was General Ross himself, the president of the Legion, who stated quite frankly (and we respect him the more for it), that there was nothing that could be done for the Imperial by that organization so long as the present British regulations continue to exist.

The public generally classify all veterans as "returned men," little realizing the vast difference in treatment received by the Canadian veteran and the Imperial. The Canadian Government has been most generous to the Canadian soldier and sailor and the existing Canadian Pension Act is sufficiently flexible to make it human. The British Government, on the other hand, for centuries has been notorious for the scandalous treatment it hands out to her ex-soldiers and sailors. It goes back into history. After the Napoleonic wars soldiers and sailors were discharged on the docks as they landed from the wars and had to get home as best they could. It took some of them two years, wandering footsore, ragged and destitute to reach it. Although the treatment is not that bad now the British Pension Acts and Royal Warrants that govern pensions, etc., are still so cluttered up with the accumulated red tape of the ages, that turn these pension acts and Royal Warrants into immovable and inhuman documents.

Compare the treatment received by the Canadian veteran with his Imperial brother-in-arms. One of our members, residing in Victoria, who served with the Imperials and lost his leg and the use of his arm in the war, is married, with a large family, and receives a pension for these disabilities of £4 ($20) a month. A widow living in Victoria whose husband died from war disabilities and who has to support two children receives £1 10s ($7.50) a month pension. One man residing in Victoria who has seen eighteen years' service with the colors, because it was broken service, receives nothing and now at sixty-eight years of age is on relief.

Even in medical treatment the story is the same. I know of a case where it took two years to get one bottle of medicine out of the British Government.

Surely you cannot blame ex-Imperials for wanting to organize and in conjunction with other ex-Imperials in New Zealand, Australia and other parts of the world make strong representation to the British authorities so as to have a Royal Commission appointed to look into the whole matter. That is our aim and object. I am sure we have the good wishes of the public and we ought to have the good wishes of the Canadian Legion as well, for even if it thought our efforts were superfluous, at least it could say, "If you think you can do any better yourselves, go ahead, and good luck to you." That is the attitude other veteran organizations are taking in regards to us.

The Imperial veterans have nothing but the most cordial feelings for their fellow Canadian comrades-in-arms, but we do appeal most earnestly to all ex-Imperials to join us, not by severing their affiliations with their present connections but rather by making an addition to those connections. Furthermore, we hold out no club facilities, or benefits and all our officers are voluntary and unpaid, working for the good of all ex-Imperials. We need the support of every ex-Imperial residing in Canada and the moral support of our Canadian brethren.

The trouble with top-heavy organizations such as the Legion, is that owing to the apathy of its members the administration gets into the hands of a small clique who are concerned more with the office that they hold than the service they can render and so become filled with fear at what they consider a threat to their authority where no such threat exists. I am absolutely sure that the Imperial veterans have for the Canadian Legion and all its members only the most sincere feeling of good will.

J. B. HARDINGE, Major,
First Vice-President, Imperial Veterans' Association, Victoria and Island Branch.
1057 Richmond Avenue, Victoria, B.C., September 15, 1937.

ISSUANCE OF EASY MONEY

Sir,—So far Mr. Chalmers does not reply to the question Why does not Mr. Aberhart start a bank on the lines laid down and so take advantage of the claim made regarding the wonderful benefits attached. I see in a published report that G. L. MacLachlan, M.P.P., chairman of the Social Credit Board, at a public meeting at Lavay, Alta., states: "During the next session, we are going to make it miserable for the banks—so miserable that it will be hard for them to operate in this province."

I shall await this happening with interest because it may be what I suggested, a test of the individual Social Crediter that he puts his money in a bank of his own, and so show the banks of Canada he means business. This then would be a fine exposition of "by example we teach." I quite agree as he states: "That the last word will be said by the people." I presume he means the Alberta people. This will give them a chance to put their money in the Alberta bank and show their confidence in Mr. Aberhart. But it would appear that all is not well with some of the Alberta people.

There is in Alberta what is called a "People's League," and at one of their meetings, as reported in The Colonist, some 8,000 persons dared to ask for the resignation of their Premier. Hard times makes strange bed-fellows but drastic methods and changes of old time systems require careful and rational treatment. Human nature being as it is, I believe that if any Premier of one of the provinces promises $25 per month, be he Liberal, Conservative, C.C.F., or otherwise, he could win an election. It is this and similar promises that win elections, of the many seeking office for personal and selfish motives, promises made only as a means to an end. When the public get wise, as they will do after a time, they will choose men who do not seek office for personal benefits but those who the "office" seeks, men who are willing to sacrifice themselves to and for the service of the people and in the interest of their country.

We have the men here. It is up to the people to find them. So far they are always ready to gather together men who seek the office for political or other reasons.

FIFTY YEARS AGO TODAY

(From The Daily Colonist of September 21, 1887).

Wedding Solemnized Yesterday at St. Andrew's Presbyterian Church. Mr. W. B. Adair, Portland, and Miss Mary Louise Jourand, of this city, were united in the bonds of matrimony by Rev. D. Fraser. The bride, who wore a most beautiful costume of lavender silk trimmed with orange blossoms, was supported by her sister, Miss Jennie Jourand, Mr. H. P. Matthews being best man. A dinner at Roccabella, the residence of the bride's father, was a pleasant continuation of the event, and in the afternoon the bridal party left for Goldstream, where the honeymoon will be spent.

Indian Princes Coming—Thapore Sahib, of Limbdi, and Thapore Sahib, of Morvi, with their suites, are expected in this city shortly from the East. These two princes are on their return to India from the Jubilee celebration, where they met with rare distinctions. They are the rulers of two states in Kattiawar.

Wholesale Trade.—So far, the present year exceeds any previous year in the volume of wholesale business transacted in Victoria. Every house on Wharf and Yates Streets reports an improvement. The demand for goods from the Mainland shows an increase, while trade with the Northwest Coast has about trebled.

WAVES DASH OVER CRAFT

Crew of Freighter Saved Through Expert Seamanship of Captains

GODERICH, Ont., Sept. 20 (CP).—Her back broken and settling deeper into Lake Huron, off this port, with every smashing wave against her wooden sides, the package freighter Gilly lay abandoned today, her crew saved by the expert seamanship of two lake captains.

Loss of the ship, her engine and cargo was placed at $23,000.

Those rescued are: Capt. Harold Ebel; Mate Jerry Masales, Parry Sound; two wheelsmen, Oscar Haywood, Prince Edward Island, and Edward Cambridge, London, Ont.; Engineer Charles Dawes, Toronto, and the cook, Jack Charrington, Sarnia.

The Gilly cleared Southampton, Ont., on Friday with 3,500 eight-foot cedar posts loaded at Manitoulin Island and ran into a severe storm. She was battered about for sixteen hours before being taken in tow on Saturday by the freighter Superior, commanded by Capt. Dalton Hudson.

TOWLINE SNAPPED

The Superior towed the Gilly almost within the confines of Goderich Harbor when the backwash from a breakwater snapped the steel towline and carried the Gilly out into the lake.

The raging southwest wind blew the Gilly into water unnavigable by the Superior. Seeing the plight of the stricken vessel, Capt. Bert MacDonald put out in his thirty-foot gasoline launch and succeeded in taking the crew to shore.

Captain Ebel praised the fine seamanship of his colleagues, whom he credited with saving his and his shipmates' lives.

ONE SWELL JOB

"That was one swell job of wheeling," Captain Ebel said of the three attempts to throw the towline from the Superior to the Gilly in the storm before the line was finally made fast. "It was a great job. I never saw anything like it."

The Gilly is the former Bet-T, a Nova Scotia schooner. She was taken to Quebec last Spring and equipped with an oil-burning engine. It was her first season on the Lakes.

CROSSED LINE AWAY IN LEAD

Seven Seas Outdistanced Joseph Conrad in Race From Bermuda

NEWPORT, R.I., Sept. 20 (AP).—The square-rigged Seven Seas crossed the finish line at Brenton Reef lightship today, far ahead in a return race from Bermuda with the Joseph Conrad, another square-rigger. The latter was not in sight.

The sailing vessels left Bermuda last Monday.

They had raced to Bermuda, leaving here on August 26, and arrived about one minute apart on corrected time after a "drifting race." After an argument over a time allowance, the Joseph Conrad was declared the winner.

THANKED FOR PART PLAYED

Addresses Presented to Sir E. W. Beatty and Col. J. S. Dennis by Mennonites

LETHBRIDGE, Alta., Sept. 20.—Ten years ago 20,201 Mennonite people left the shores of Europe and came to Canada. They had been subjects of the Czar of Russia. When the Soviet revolution left them stripped of their rich wheat lands in Southern Russia and they had been forced across the border, their appeal for help reached the ears of Col. J. S. Dennis, commissioner of colonization for the Canadian Pacific Railway, and E. W. Beatty, as he was then. As a result of the intervention of the railway company, they were brought to Canada and settled on lands in Alberta and Saskatchewan.

On Sunday, on the occasion of the annual visit of Sir Edward Beatty, O.B.E., president of the Canadian Pacific, and Col. Dennis, who accompanied him, the Mennonite community of Coaldale Jrrigated district held a service of thanksgiving for their deliverance from the plight into which the Russian revolution had thrown them, and illuminated addresses were presented to the two executives of the railway company, thanking them for the part they had played in bringing the Mennonite people to Canada. It was a touching ceremony marked by the sincerity of the people of the rural community who gathered to the number of nearly 700 for the occasion.

The presentations to Sir Edward and Col. Dennis were made by J. B. Janz, leader of the Coaldale community, assisted by Bishop David Teows, of Rosthern, Sask.

In replying to the address presented him, Sir Edward Beatty said that the manner in which the Mennonite people of Western Canada were repaying their obligations was ample justification for what the Canadian Pacific had done. The smiling faces of the Mennonite settlers around Coaldale showed that they were thrifty, hard-working people, honorable and law-abiding and with a deep love of agriculture. He expressed the hope that the Mennonite community might continue long to enjoy the homes they were carving out for themselves here.

ALL SINCERITY

"May I say in all sincerity," said Col. Dennis, replying to the presentation to him, "that I appreciate the sentiments expressed in this memorial. I have been associated with the movement of Mennonite people into Western Canada ever since my boyhood. The first colonies were brought to Canada because of a loan of a million dollars made by the Dominion Government. Every cent of that loan was repaid." This fact, he declared, had had much to do in his being able to persuade President Beatty to advance some $2,400,000 to help bring the Mennonite refugees to Canada ten years or so ago, and he was proud to be able to say that the Coaldale community was repaying its part of the loan and he hoped that conditions of other Mennonite colonies in other parts of the West would improve so that they, too, might be able to meet their obligations as he knew they desired to do.

Figures of Fish Catch Decreased; Landed Value Up

HALIFAX, Sept. 20 (CP).—Eastern Division of the Federal Department of Fisheries, today reported an increase of $63,983 in the landed value of fish caught in the division in August of this year, compared with the same month in 1936. At the same time, the total catch showed a decrease of 3,700,000 pounds.

ICE-FLOE CAMP DRIFTS SOUTH

Soviet Expedition Leader Is Determined to Study Winter Conditions

MOSCOW, Sept. 20 (AP).—Commander Ivan Papanin, of the Soviet North Pole expedition, today wirelessed that his ice-floe camp has drifted so far south that the expedition eventually may have to be taken off by an icebreaker instead of a plane as planned.

The Polar camp drifted past the 86th parallel, rapidly moving away from the Pole, but the explorers are determined to spend the Winter on the ice to continue studying weather and other Polar conditions.

"We are not thinking of going back to land now," Papanin said in his message.

"On the contrary, we are settling down with more comfort on the ice field." The expedition has erected a "street" of ice buildings by making walls of blocks of snow and ice, Papanin declared, adding that the southward drift would make it easier, eventually to be taken off by icebreakers.

The temperature at the camp today was 5 degrees above zero, while fog reduced visibility to 200 yards. A south-southwest wind was blowing.

A Soviet air expedition, waiting for favorable weather at Franz Joseph Land to fly on a search for Sigismund Levanefsky and his five missing companions, sent Papanin a message the campers would be removed by an icebreaker if conditions prevented a plane from landing on the floe.

Furness Line Ship Is Discharging Cargo Here This Morning

Inbound from United Kingdom ports, the Furness Line Ms. Pacific Pioneer, Captain Campbell, reached Rithet Piers at 10 o'clock last night. The combined freight and passenger liner came in via Panama, California and Washington ports with passengers and cargo. The ship will commence discharging at 8 o'clock this morning.

Passengers aboard the Pioneer include Captain C. E. Holland, formerly of the Pacific Exporter and well-known here, who will fill the post of port superintendent for the Furness Line at Vancouver, accompanied by Mrs. Holland; W. O. Darling, who will leave the ship at Vancouver; and E. R. Prance, J. A. Toubkin and R. Toubkin, round trip tourists.

EMPRESS OF CANADA

From the Philippines by way of China, Japan and Hawaii, the Canadian Pacific liner Ss. Empress of Canada, Captain W. T. Kinley, commander, will arrive alongside Rithet Piers at 7 o'clock tomorrow morning, according to Fred. Wells, of the local office of Canadian Pacific Steamships. The liner is bringing in a large number of passengers, including many refugees from the Orient, mails and cargo.

FROM AUSTRALIA

According to advices received at the local offices of Canadian Pacific Steamships, the Canadian-ustralasian Ss. Niagara, Captain William Martin, commander, is due to reach William Head at 8.30 p.m., Thursday.

BARGAIN FARES

On Friday and Saturday of this week, bargain fares will be in effect to all points on the Esquimalt and Nanaimo Railway between Victoria, Courtenay and Port Alberni, giving Victoria residents the opportunity of visiting friends up-Island and residents of other sections a chance to come into Victoria. The tickets will be good going either day with a return limit up to and including Tuesday, September 28.

CALLED ON SUNDAY

The Ms. Brimanger was in port for a short while on Sunday. She docked at Rithet Piers to land Mr. and Mrs. Palmer, who, originally from the British Isles, have been travelling extensively in South America. They expect to take up residence somewhere in British Columbia.

LUMBER VESSELS

The freighter Celtic Monarch, which arrived alongside Ogden Point Piers on Sunday, completed loading lumber there last evening and shifted to Vancouver overnight. The Darlington Court, still loading at the local assembly plant, will be ready to leave for Port Alberni tonight.

King Brothers, agents for the above ships while in Victoria waters, stated yesterday that the freighter Bencleugh, after completing loading lumber cargo at Cowichan, would leave for Vancouver during the night.

TALKING AT CLUB

Captain Crowell, who sailed his twenty-three foot boat, the Queen Mary from Halifax to Victoria, will tell members of the Royal Victoria Yacht Club, tomorrow night, something about his experiences. He expects to leave for Vancouver on Thursday.

RETURNED HERE

Now on the ways of the Royal Victoria Yacht Club at Cadboro Bay, the ketch Te Rapunga, following an extended visit to Vancouver, arrived off the yacht club on Sunday. When finished cleaning and painting the craft, Captain Dibbern will bring her around to the Inner Harbor, mooring alongside Enterprise Wharf for the Winter months.

WILD RIDE IN DINGHY

Big Basking Shark Towed Small Boat for Twenty-Four Hours

GLASGOW, Sept. 20 (CP).—A wild ride in a little dinghy towed by a basking shark over a 100-mile zig-zag route about the North Channel of the Irish Sea for twenty-four hours, provoking airplane searches and causing fire in an attending motorboat; today provided the week-end's silliest tale from the sea.

Three shark hunters—Captain I. L. David, H. Webster and Harry Smith—left the parent ship Myrtle Saturday, in Carradale Bay, Kintyre, and harpooned a thirty-foot ten-ton shark, which rushed around and about Argyllshire waters in a violent dash for freedom.

They were members of a group attempting to find out whether a new Scottish industry could be built up from the distillation of shark liver oil.

It was 11 a.m. Saturday when the shark took the dinghy in tow. After it had been driven back by tide and wind in an attempt to reach the open sea, the shark neared the mother ship and Tony Watkins, explorer, and Dr. Seccombe Hett, scientist, effected a perilous transfer to the dinghy, relieving the three crew men, who scrambled back to the Myrtle.

LAUNCH CAUGHT FIRE

As the shark continued its merry course throughout the day and Saturday night, several reliefs were made; but at dawn, when Watkins and Webster were manning the dinghy, the Myrtle caught fire and was unable to keep up with the fast-traveling shark.

While the mother ship's occupants fought the flames, shark and dinghy disappeared. The coast-guard became alarmed. Three planes set out and eventually located the dinghy. The shark was almost exhausted, but alive. Watkins and Webster, weary but victorious, buoyed the shark and went ashore.

REFUGEES ON CANADA

BOSTON, Sept. 20 (AP). — Word was received in Boston, today, that an Iowa missionary, Mrs. Elmer W. Gault, and her daughter, Faith, eighteen, had made their way from the war-threatened city of Paopingfu, and were on board the Ss. Canada, docking at Victoria, B.C., on Wednesday.

Lumber Schooner Sinks Alongside Wilmington Dock

SAN PEDRO, Calif., Sept. 20 (AP).—The 300-foot lumber schooner Cornelia, owned by the Kitsap Lumber Company, of Cosmopolis, Washington, was sinking today in shallow water beside a Wilmington dock.

Carrying 1,600,000 feet of lumber from Seattle, the Cornelia arrived Saturday and last night sprang a leak.

Water poured into the engine room ports as the schooner listed. It was announced a diver would be sent down later to locate the leak.

Plane Occupants Killed in Crash On Long Island

BROOKVILLE, N.Y., Sept. 20 (AP).—A United States Navy biplane, bound from Squantum, Mass., to Norfolk, Va., crashed into thick woods on a Long Island north shore estate near here today, killing both occupants.

They were identified as S. A. Mackenzie, a lieutenant, and R. A. Schmidt, naval aviation cadet. Mackenzie was from Chester, Mass., and Schmidt from Albion, Ill.

VANCOUVER SHIPPING

VANCOUVER, Sept. 20 (CP).—Capt. W. B. Ewan, of the Blue Funnel Line Ss. Tyndareus, just arrived from Japan, reports that with the exception of a view of Ss. President Hoover in Yokohama, no sign of Sino-Japanese hostilities was seen on the voyage. The President Hoover was bombed as she lay in the Whangpo River, near Shanghai.

When in Japanese ports, Chinese passengers and crew members were refused permission to go ashore.

The Knoxville City, bound for Yokohama, is reported having collided with the Arcansan, bound for Bridgport, off San Pedro Sunday. The Arcansan is reported leaking in No. 1 hold and the Knoxville City received a damaged stem as a result of the accident.

Ss. California, en route from Coos Bay to the Orient, went aground in the Columbia River Sunday and returned to Portland for repairs to a damaged forepeak.

The Japanese liner Hikawa Maru arrived in port today with a record passenger list from the Orient, including forty-eight men and fifteen officers of the British Navy of Supply (merchant service) returning to England after taking two vessels to new owners in Japan. They were the Ss. Macdonald, captained by Capt. S. A. T. Bullock, on the outward voyage, and the Ss. Galvan, in charge of Capt. R. Harrison.

OCEAN VOYAGES NOT MENTIONED

Hatfield's Certificate Only Good for Coastal and Lake Navigating

OTTAWA, Sept. 20 (CP).—Evidence that Capt. Freeman Hatfield former master of the three-masted Nova Scotia schooner, Gypsum Queen, held certificate of competency No. 339 on July 1, 1915, when he abandoned the ship off the Irish Coast, was presented by J. Lionel Talbot, of the Department of Transport, at Hatfield's trial here today.

The captain is charged with collecting $71,276.72 from the Reparations Commission on false pretences. He represented that the Gypsum Queen was torpedoed by a German gunboat, while the Crown claims the schooner was lost through stress of weather.

Today Talbot testified Hatfield had first made application for certificate of competency in 1888. A certificate entitling him to command coastal and inland water ships was issued. That was No. 339 the certificate Hatfield was alleged to be using when he crossed the Atlantic in July, 1915.

"Holding the certificate, he wouldn't be entitled to take his ship on the trans-Atlantic trade?" suggested defence counsel Warwick Beament.

"I don't know," said witness.

Gyros Commend Anniversary Committee — Club Names Officers

With the presentation of the past year's reports, the drafting of a congratulatory resolution to the seventy-fifth anniversary committee and the official election of Everett Taylor as president of the Gyro Club by acclamation, the local service group held its annual meeting in the Empress Hotel last evening.

Bert Challoner was chosen vice-president and H. Butterls continued in office as secretary-treasurer by acclamation. The following were named on the board of directors: Arthur Minnis, A. E. Osborough, Neil H. Grant, William J. Clark and Harry Savage.

THE RESOLUTION

Dr. C. B. Mess presented the following resolution, which will be sent to the city's seventy-fifth anniversary committee:

"Whereas the seventy-fifth anniversary of the incorporation of the City of Victoria has been most fittingly celebrated, and whereas much praise is due to the seventy-fifth anniversary committee, and to all organizations and individuals who in any way assisted the committee in providing such an outstanding celebration for the enjoyment of our citizens and all visitors to the city, and whereas the Gyro Club of Victoria believes in giving credit when and where credit is due;

"Be it resolved that the Gyro Club of Victoria go on record as heartily congratulating this committee and assisting organizations and individuals upon the outstanding success of this seventy-fifth anniversary celebration, and be it therefore resolved that copies of this resolution of appreciation be sent to the seventy-fifth anniversary committee and to the press for publication."

The new president expressed himself as being desirous of carrying on the traditions of the Gyro Club in Victoria and asked for the full support of all the members.

EXTENDS GREETINGS

Dave Chapman, past-president of the Kelowna Club, was introduced and expressed the greetings of his club to the local members.

Angus MacIntyre, in his presidential report, traced briefly the activities of the club during the past year, referring to the hamper campaign, the forum, the bridge tournament, donkey baseball and the sponsoring of memberships in the Y.M.C.A. for underprivileged boys. He also expressed his thanks to the board of directors and the members for the support afforded him during his tenure of office.

The secretary-treasurer also voiced his thanks to the directors, the orchestra and the local press for their co-operation. He informed the club there was a slight decrease in the membership. Sixty-three members were now on the register, compared with sixty-six last year. The decline was due largely to the fact that many members had been transferred from the city, he explained.

Committee chairmen who submitted reports were: R. L. Challoner, speakers; A. E. Osborough, membership investigation; Neil Grant, entertainments; Wilfred McGregor, attendance report and boys' work; Harry Savage, service clubs' council, and Everett Taylor, sports.

BUILDING HERE UPON UPTREND

Permits Granted Yesterday Total $4,625 — Figures Exceed Last Year's

Permits for building and alterations to business property totaling $4,625 were granted at the City Hall yesterday.

The largest permit was for $2,500 for a single story cold storage plant to be erected at 579 Chatham Street for the B. Wilson Co., Ltd., by Luney Brothers. Cost of the work will include joists and bridging for the second floor, but no wiring. J. Graham Johnson is the architect.

Alterations to a store front at 711 Yates Street for the Royal Trust Company, 1202 Government Street, are to cost $1,500. Work will include changes to the ceiling, tile and glass work. S. Patrick Birley is the architect, and Luney Brothers, the contractors.

The enlargement of the morgue room at the B.C. Funeral Co., Ltd., will cost $500. Work is also to be done by Luney Brothers.

Structural changes to The Colonist Building, 1211 Broad Street, will cost $125 and will be made by Luney Brothers.

City Hall officials, encouraged at the maintenance of construction, declared yesterday that this year's figures were in excess of those for 1936.

Announcements

Realizing how greatly the cost of transportation adds to the cost of treatment, Miss Hanman proposes to shortly visit the Up-Island towns that she may give treatment for the removal of superfluous hair, moles, etc., to women who otherwise would be debarred from this advantage. Letters to her office in Victoria would be greatly appreciated that she may arrange consultations. 503 Sayward Building, Victoria. Phone G 7642.

Eight Planes Brought Down Near Canton

SHANGHAI, Sept. 21 (AP)—Chinese declared today that eight Japanese war planes of a fleet of twenty-one, raiding the southern metropolis of Canton, were destroyed as Japan spread desolation from the air along the China coast.

Independent observers at the Portuguese Colony of Macao, at the mouth of the Canton River, bore out the Chinese claims. They said twenty-one Japanese planes passed over Macao in the direction of Canton, at 6.30 a.m., but only thirteen returned two hours later.

Many civilians were killed by the earth-rocking bombs, but material damage to the great southern river city was said to have been slight.

NEW METHODS ARE OUTLINED

B.C. School Trustees See Films and Hear Addresses On Visual Education

Visual education, latest trend of educational technique, was the subject under consideration at a special session of the British Columbia School Trustees' convention at Sir James Douglas School, last night. Two addresses on the subject, by Trustee Mrs. D. L. MacLaurin, Victoria, and J. R. Pollock, together with a group of lantern slides, two sound films and one silent picture, gave a complete outline of work being done in the new field.

In an address illustrated by lantern slides, Mr. Pollock, who has charge of visual education in the Vancouver schools, described recent progress in this branch of education, and illustrated the use of new equipment. Following his address, he showed on the screen two films typical of those now being put to good use in Vancouver schools. The first was a fifteen-minute nature film on Grey Owl and his beavers, entitled "Strange Doings in Beaverland." The other film was accompanied by music and sound effects, and portrayed scenes from the Coronation of Their Majesties King George and Queen Elizabeth. Both films were favorably received by the gathering.

A second talking film, entitled "Owed to Your Eyes," which portrayed the need of better lighting, was shown during the evening.

THREE FACTORS

Mrs. MacLaurin pointed out that three factors to be considered in improving lighting conditions were to have sufficient light, properly diffused light and flexible control. With regard to sufficient light, she commented that in a recent Victoria survey, schoolrooms had been found where only one foot candle of light was available for some students, when the minimum required for reading alone was fifteen foot candles.

"We have reached a day when to say there should be a certain amount of window area for a given room, and light from the student's left side is not enough," she declared.

Mrs. MacLaurin afterward showed the trustees what had been achieved along the lines of better lighting in some of the Sir James Douglas School rooms.

Mrs. Edward Mahon, president of the School Trustees' Association, presided.

Thieves Make Large Haul in Jewelry Store

Apparently picking the door lock with a piece of celluloid, thieves gained entry to the jewelry shop of George Brockington, 51 Arcade Building, over the week-end and escaped with an assorted collection of valuables, he reported to local police yesterday.

Following are the articles missing: One Laval watch, valued at $27; eight Marlton wrist watches; seven assorted wrist watches; two pen and pencil sets; two combination pen and pencil sets; two children's silver mugs; three lavaliers, and one gold antique lady's ring.

The time used is Pacific standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of low water.

To find the depth of water on the sill of the Esquimalt drydock, add 18.5 feet to the height of high water as above given.

City and District

Roof Fire—A small roof fire at 1127 Chapman Street, was put out by the city fire department at 4.45 p.m., yesterday.

Wood Stolen—Theft of a cord of wood belonging to Mrs. D. M. Angus, Toronto Apartments, was reported to police yesterday.

Liberal Executive—Ward One Liberal executive will hold a meeting tonight at 8 o'clock at Liberal headquarters.

Pensioners' Meeting—The monthly general meeting of the Canadian Pensioners' Association will be held in the clubrooms, Room 225 Pemberton Building, on Friday at 8 p.m.

Tender Approved—The tender of D. Spencer, Limited, of $62.50 for twenty-five caps for city police was approved by the City Council last night.

Petty Theft—A black purse containing $1 in change, a compact and two keys, was stolen from the rear of Reimer's Beauty Shoppe, 1004 Broad Street, Emas Taylor, Danes Court, reported to police yesterday.

Will Meet Tomorrow—Esquimalt Conservatives will hold their monthly meeting tomorrow in St. Paul's Church Hall, Esquimalt, at 8 p.m. All members and their friends are cordially invited to be present.

Made Mining Recorder—C. W. Sharp, Tofino, was appointed mining recorder for the Clayoquot mining district yesterday, in place of T. W. Dawley. Twenty per cent of the fees collected will be allotted as remuneration for the work involved.

Conservative Party—On Thursday evening at 8:15 o'clock, the Women's Conservative Association will hold a card party in the Conservative Rooms, Campbell Building. Prizes will be given and refreshments served.

Fixtures Stolen—W. W. Warwick, 2520 Fernwood Road, reported to police, yesterday, that a vacant house at 2529 Garden Street, of which he is owner, was entered into over the week-end and some light fixtures stolen.

Licences Reinstated—Three sets of timber licences were ordered reinstated by the Province yesterday, upon payment of charges outstanding as follows: Benjamin Willson, $340; B.C. Fishing & Packing Company, Ltd., $343, and George Mair, in trust for others, $326.

Admit No Liability — The City Council last evening refused to admit liability in connection with the claim of Mrs. C. Drummond-Hay for seven chickens allegedly killed by dogs. The claim was made under the provisions of the Sheep Protection Act.

Lantern Lecture—Miss Amy Thoren, of the Japan Evangelistic Band, will give a lantern lecture on missionary work in Japan at the Christian and Missionary Alliance Gospel Tabernacle, near the corner of Yates and Government Streets, tonight at 8 o'clock.

Damaged by Fire—The home of L. Overton, 1131 Munroe Street, was considerably damaged when fire broke out on the premises at 3 o'clock Sunday afternoon. The Esquimalt Fire Department battled the flames for two hours before extinguishing them.

Slight Damage — Slight damage was sustained by a car driven by Walter Scott, Royal Oak, on Fort Street, near Linden Avenue, Saturday evening, when his machine collided with a street car in attempting to avoid a cyclist, police report.

Gets Soldiers' Grant—The Provincial Government released a grant of $300 yesterday, with respect to a Soldiers' Better Housing contract between the city of Kamloops and Thomas C. McKenzie, upon completion by the latter of the full terms of his building agreement with the municipality.

Minor Calls—The fire department was called out twice last evening to two minor blazes. The first was a bush fire at 10.18 o'clock at the corner of Hillside Avenue and Cook Street. At 10.45 o'clock a slight fire was extinguished in a house at the corner of Rose and Market Streets.

To Tell of Work—George Little will give a talk on the growth and the present condition of the Victoria Central Division of the Young Citizens' League of British Columbia at a general meeting which will be held in the league's new headquarters, 565 Yates Street, tomorrow at 8 o'clock. Peter G. Hartnell will also speak.

Hairdressing Regulations — The British Columbia Government amended regulations governing hairdressing shops and schools yesterday, in keeping with health and sanitation requirements recently made applicable to barber shops and colleges. The new regulations were covered by order-in-council, bringing them into effect at once.

Public Invited—An invitation is extended to members of the public to attend the Kiwanis Club luncheon today to give them an opportunity to hear Rev. Dr. Sipprell speak on "The Situation in the Orient." Those interested are requested to phone the secretary, G 7105, before 11 o'clock this morning, so that the necessary reservation can be made.

Tag Day Rejected—Application of Mrs. E. A. Matheson, secretary of the Aid for Spain emergency committee, for permission to hold a tag day for the Spanish people was rejected by the City Council last night. Since the council had already ruled that there was to be no more tag days this year, they maintained that an exception could not be made in this case.

In Remanded—In the provincial police court yesterday, Stipendiary Magistrate H. C. Hall had Luther W. Elder, of Terrace, before him on a charge of the theft of $10.55 in cash from the office of Mrs. M. E. Jackson at Seventeen Mile House, Sooke Road. The accused is nineteen years of age and pleaded guilty. He was remanded until Wednesday for sentence.

Appeals for Clothing—An urgent appeal for clothing of all kinds has been made by the Saanich Welfare Association on behalf of the needy families of the district. Those who have clothing to donate are requested to telephone Empire 9583, Empire 3042, or Colquitz 25F. After 6 o'clock they should call Empire 1448. Arrangements will then be made to call for the parcels.

Delay for a Week—The hearing of the charges of theft of peaches from a business place laid against Gerald O'Neil was adjourned for a week in the city police court yesterday. This was done in view of the fact that the informant in the case was not found. The accused wanted a dismissal of the charge, but the magistrate refused this, allowing the accused out on his own recognizance in view of the delay.

Donate Hospital Site—Free grant of the site upon which stands the former Bulkley Valley District Hospital, operated since 1933 by the Sisters of St. Ann, was made by the British Columbia Government yesterday to that order, out of consideration for the improvement of the buildings, upon which some $60,000 has been spent in recent years. A small portion of foreshore land at Oyster River was reserved for public use, in another order.

Boys Apprehended — Three boys, the oldest ten years of age and the other two aged nine, will appear in juvenile court charged with taking a ten-foot rowboat belonging to John Heal, of the gasboat Eugene, without his permission, according to a police report. Heal reported to police yesterday the theft of the boat Sunday. The three boys were seen playing in it Sunday afternoon by a man on an adjoining craft. Later both the boats and boys disappeared.

Technical Point Delayed — The question raised a week ago by Stuart Henderson in the city police court to the effect that the legislation of British Columbia relative to the subject of wife maintenance was ultra vires of the Province was not pressed when the case again came up yesterday. C. L. Harrison, for the city, said that his investigations into the matter led to the belief that the point was not well taken. He submitted that the Ontario case cited did not apply to British Columbia. Mr. Henderson, while of the opinion he was correct on the matter, was ready to proceed with the case on its merits, allowing this technical point to be held over.

COLIN CAMERON GIVES ADDRESS

Up-Island Member-Elect for Comox-Alberni Is Speaker At C.C.F. Meeting Here

Colin Cameron, C.C.F. member-elect for Comox-Alberni in the Provincial Legislature, was the principal speaker at a meeting held to discuss a reorganization campaign for the C.C.F. party here in the headquarters, last evening.

Sponsored by the Victoria district council, the meeting was attended by representatives from all the city clubs as well as several Saanich branches.

The speaker stressed the necessity of the C.C.F. applying its programme to the everyday problems of the common people, stating that it was essential for the party to maintain a closer contact with organized labor.

TRADES UNION MEASURE

Mr. Cameron also appealed for the support of the Trade Union Bill, which will be presented at the next sitting of the Legislature, under the sponsorship of the local Trades and Labor Council. The bill guarantees workers the right to organize and also gives them the democratic right of collective bargaining.

Mr. Cameron also recommended that more consideration be given to organizing the consuming power of the movement.

Nigel Morgan, district organizer, spoke on the matter of reorganizing for the Winter programme, stating that all clubs will be re-commencing activities immediately. He reported that several clubs have already planned interesting educational programmes.

A lengthy discussion followed on the purpose of the ways and means of furthering the organization of a co-operative commonwealth for this district, A. D. Noble, president of the Victoria and district council, presided.

WHAT A WAR!

The young officer sat talking reverently to a distinguished general in the smoking-room of a famous service club overlooking Green Park.

"And what, sir," he asked with awed respect, "were your impressions of the last war?"

The general tried his port and raised his eyebrows: "The Great War, my boy, too terrible—too terrible. Oh! the noise and the people."

Little Stories for Bedtime

Reddy Fox Plays Spy

By THORNTON W. BURGESS

Reddy Fox didn't have to get up early to be hiding behind the fence back of Farmer Brown's corn-crib when jolly, round, red Mr. Sun chased the little stars from the sky. He didn't have to get up early for the very good reason that he hadn't been to bed. You see Reddy Fox does a great many things that he wouldn't like to have seen, and so he does them in the night when most of the other little people of the Green Meadows and the Green Forest are asleep. And so it happens that often he does not go to bed at all at night, but sleeps in the day when most honest people are abroad. He had been roaming about all this night and now he had come to watch and see what was going on at Farmer Brown's corn-crib and whether or not Farmer Brown's Boy had been setting a trap there for Sammy Jay as Sammy was so sure he had.

"My, but Chatterer is getting fat. I think he will make a very good breakfast"

Just as the little stars disappeared and the first faint light from Mr. Sun began to chase away the black shadows Reddy's sharp eyes saw something move over at the corner of the old stone wall on the edge of the Old Orchard. Then a little dark form scampered across the road and there was the scratch of sharp little claws on the tree growing near the corn-crib. Reddy grinned and watched the top of the tree. In a minute the same little form ran out along a limb that overhung the corn-crib and nimbly jumped to the roof. It ran along one edge and then disappeared. Reddy guessed right away there was a hole there. He arose and stretched.

"I thought as much," said Reddy to himself. "I thought as much." Then he lay down to watch again. After a while out popped the same lively little form. It was quite light now, light enough for him to see the red coat of Chatterer the Red Squirrel. Chatterer's cheeks were stuffed so full of corn that his head looked twice as large as it really is. He ran along the roof to where the tips of the limb of the tree brushed the roof, climbed into the tree, looked sharply to make sure that no one was about, particularly Black Pussy, and then ran down the tree and scurried across the dooryard to the safety of the old stone wall.

"Ha!" said Reddy Fox. "I thought so. Unless I am much, very, very much, mistaken Chatterer can tell Sammy Jay what caught him by the bill yesterday morning and frightened him nearly to death. I've wondered why he no longer came to that new storehouse of his that he worked so hard to fill down on the edge of the cornfield, and now I know. My, but Chatterer is getting fat. I think he will make me a very good breakfast. I do, indeed." Reddy licked his lips as if he could already taste fat Red Squirrel, and then slipped away in the other direction, for it was getting so light that he dared stay no longer so near to Farmer Brown's house and Bowser the Hound.

All the way up to the Green Forest Reddy grinned, partly at thought of the sharp trick he was sure Chatterer had played on Sammy Jay, and partly at thought of the good breakfast he was sure he would have one of these fine mornings, for already he had thought of a plan to catch Chatterer the Red Squirrel. But first he would find Sammy Jay. He wanted to see how foolish Sammy would look when he found out that it wasn't a trap of Farmer Brown's Boy at all that had frightened him so.

Social Activities and Notes of Personal Interest

Value of Affiliation Is Outlined by Speakers

Mrs. Edward Mahon and W. G. Black, Vancouver, Address Representative Gathering of Local Parent-Teacher Organization in City Hall

"The Parent-Teacher Association needs to be more than a ladies' aid to a school board, nor is it merely a women's organization," declared Mrs. Edward Mahon, president of the British Columbia School Trustees' Association, and past president of the British Columbia Federated Parent-Teacher Associations, during a short talk last evening in the City Hall at a representative meeting of all P.-T.A. groups of the city.

Mrs. Mahon spoke of her early association with South Park School and the Victoria High School and of her first introduction to P.-T.A. work. She felt that this movement was of utmost importance in the field of education. Interest in such an organization could not fail to be of benefit to the parent, the child, the teacher and the school board, and she urged her listeners to consider the question of affiliation with the British Columbia Federation.

NEED FOR VISION

There was much to be gained, she said, from close association with a larger group, the interests of which spread beyond provincial and Dominion bounds into a world field. She spoke of the great work being done in the sphere of parent-teacher interests in the Old Country under the heading of "Home and School." She warned against "losing the broader vision" and letting a P.-T.A. organization be merely the instrument for providing school equipment. Such a motive had its place, but there was more to be gained.

PRESIDENT'S ADDRESS

William G. Black, president of the British Columbia Federated P.-T.A.'s, also addressed the meeting, giving briefly the aims of the organization, which were to enable members to become more familiar with the school curriculum and education system generally; to help the principals and teachers to attend to the health, attendance, discipline, etc., of the pupils; to improve the home as an educative centre and to bear in mind that the parent was in a real sense a teacher. By means of the P.-T.A., improvements could be brought about in regard to community betterment, and could be the instrument of bringing about reforms in a wider field of endeavor.

Mr. Black spoke of the advantages of affiliation, of the feeling of co-operation which might be derived from association with a province-wide organization; of the excellent suggestions to be found in the magazine; of the benefits from the annual conventions and the schools of instruction and of the help which the conveners of the various departments might give to individual associations.

ITS ADVANTAGES

An association working alone was apt to lose a certain amount of enthusiasm and vision, Mr. Black said, in pointing out the advantages of affiliation. He spoke of the contribution which each group could make to the parent body and of the value of a larger membership as a means towards bringing about reforms and changes. He mentioned the delegations arranged last year by the British Columbia Federated, in particular, that made to Major Gladstone Murray with regard to better radio programmes.

"This is not a money-making concern," Mr. Black said, while on the subject of finances, "it is definitely a service body."

Dr. Henrietta Anderson, as a past president of the British Columbia Federation, spoke a few words in favor of affiliation, adding, "I feel that Victoria cannot afford to be outside such an organization."

Trustee P. E. George was in the chair and at the close of Mr. Black's address, time was given for questions and general discussion on the subject of affiliation.

Mr. and Mrs. C. S. Scott, Hornby Island, announce the engagement of their only daughter, Othoa ("Polly"), to Mr. Malcolm Dunnett, youngest son of the late Mr. M. Dunnett and Mrs. Dunnett, Tyndall Avenue, Gordon Head. The wedding will take place quietly early in October.

C.G.I.T. NOTES

ANNUAL CONFERENCE

The fifth annual conference of the C.G.I.T. Leaders' Council of Greater Victoria was held recently, when a large group of C.G.I.T. leaders and other representatives from the various city churches journeyed out to the Summer home of Mr. and Mrs. D. M. McCall, Prospect Lake, who kindly loaned their home for the occasion. Miss Lauretta McCall was the hostess, assisted by Miss Charlotte Crawford, Miss Jean Wilson and Miss Jean Munroe.

Miss Lillian Parfitt, chairman of the Leaders' Council, presided over the session, which was opened by an inspirational devotional period led by Mrs. W. P. Freeman. Miss Anne Fountain, B.A., field secretary under the Religious Education Council of British Columbia, led the various discussions on "Teaching Religion Through Music, Art and Drama." Miss Fountain also re-emphasized the tasks of the leader and the meaning of leadership, stressing the point that as C.G.I.T. leaders and Sunday school workers it was the special task of the leader to guide the girl into deeper knowledge of God through definite Bible study, worship, prayer and personal counseling. Missionary education, temperance and sex education were also other topics which were discussed.

In her closing message to the conference, Miss Fountain took as her theme, "God and I," emphasizing the thought that Christian leadership was a noble purpose and that the task becomes a joy and privilege because God is the source of all strength.

WOMEN'S INSTITUTES

COWICHAN

Cowichan Institute, which was organized in September, 1912, by Mrs. Alfred Watt, celebrated its twenty-fifth birthday at their September meeting, at the home of Mrs. F. G. Christmas, who has been a member since the organization. Mrs. F. S. Leather, Mrs. E. F. Miller and Miss M. E. Wilson, also charter members, are still active workers.—Mrs. A. Stannard, president, was in the chair, and conducted routine business. The first membership roll was read. Mrs. A. S. MacLachlan, superintendent of Women's Institutes, was the guest speaker, and referred to the good work done by Cowichan institute, making special reference to their assistance in the starting of Cowichan Health Centre, and their establishment of a library. An interesting outline of the opportunities open to institute members, and the advanced interest in handicrafts, was given by the speaker. In expressing thanks to Mrs. MacLachlan, Mrs. T. C. Robson added congratulations and good wishes from the district board and Vimy W.I. Mrs. G. A. Tisdall brought greetings from Somenos W.I., and added words of thanks to Mrs. MacLachlan. Mrs. G. Eggleton represented Cobble Hill W.I. A gift of table linen was given Mrs. A. X. Rey, in appreciation of her services as secretary, from which office she was had to resign owing to ill-health. Miss Wilson kindly volunteered to act as secretary for the remainder of the year. The three institutes of the immediate district, Cowichan, Somenos and Vimy, decided to co-operate in arranging a handicraft exhibit and demonstration on October 26. Tea was served by Mrs. Hugh-Savage and Mrs. G. Colk. Mrs. Tisdall and Mrs. Stannard poured tea. A beautifully decorated birthday cake, the work of Mrs. Lorna Evans, gleaming with twenty-five lighted candles, was cut by Miss Wilson after tea. Mrs. MacLachlan was shown through the recently opened new wing of the hospital, with a special visit to the Cowichan Institute room. Mrs. E. Manzer entertained Mrs. MacLachlan at dinner.

Clubs and Societies

Duncan W.A.

The United Church W.A. held its first meeting after the Summer holidays in the church parlors on Friday afternoon. The president, Mrs. T. C. Robson, presided. Devotional exercises were conducted by Mrs. Harry Clark. Plans were completed for the annual harvest home services, on the first Sunday in October, when Rev. A. McKay, Vancouver, will be the speaker at the Sunday services and will lecture on Monday evening, following the supper, served in the church hall by the W.A. Ten dollars was voted to the fund, being raised to redecorate the church. As the association is anxious to assist with the hall fund, plans were made for several functions during the Fall and Winter. Mrs. E. W. Lee gave an encouraging financial report.

T.V.A. Auxiliary

The Women's Auxiliary to the Tuberculous Veterans will hold an anniversary tea in the Tubercular Veterans clubrooms, 812 Blanshard Street, tomorrow from 2:30 to 5:30 p.m. This is an annual tea and is held to commemorate the opening of the clubrooms for the veterans. At this tea the standard, which has recently been purchased, will be consecrated by Rev. P. L. Stephenson, who is a member of the club and their padre. This little service will be held at 3:30 o'clock and it is hoped that all those who have never been present at the consecration of a standard will attend. Tea will be served by the house committee throughout the afternoon and a short musical programme will be given.

Christening Ceremony

The infant son of Mr. and Mrs. Alfred P. Perry was christened at Metropolitan United Church by Rev. A. E. Whitehouse on Sunday. The child received the names Alfred Dennis George, and wore for the occasion a lovely gown, which was formerly worn by his uncle. After the service, relatives and friends of both families, returned to the home of Mr. and Mrs. G. Earl, Spring Road, maternal grandparents, where afternoon tea was served from a table centred with the christening cake and decorated with pink and mauve gladioli and cosmos. Miss Dorothy Perry and the Misses Olive and Betyl Earl assisted in serving refreshments.

Baptist Women's Union

The Women's Union of the First Baptist Church held their Fall rally meeting yesterday afternoon in the church parlors, the president, Mrs. George Bishop, in the chair. The devotional was given by Mrs. Carter and prayer by Mrs. Bent. Mrs. Dawson sang "Just for Today." An inspiring address was given by Mrs. W. P. Freeman on "Victorious Living." The meeting closed with prayer by Mrs. Galbraith.

Returning From Seattle

Several members of the Qu-Alex Girls' Club, who went over to Seattle on Friday to spend several days, are returning to the city today. Those in the party were Mrs. H. Barraclough and Misses Marjorie Burnett, Vera Kerslake, Kathleen Burnett, Barrie Taylor, Thyra Gaetz, Edna Coates, Jean Rogers, Sheila McAllister, Ethelwynne Malcolm and M. Rogers.

Purple Star

At a recent meeting of Victoria Purple Star Lodge No. 104, it was decided to hold a Fall bazaar, with Mrs. Phelps as convener. A miscellaneous shower will be held at the home of Mrs. M. Trowsdale on October 13. The next meeting of the lodge will be held on October 6, to be followed by housie-housie, and refreshments will be served.

Had Motor Trip

Mr. and Mrs. Oswald Corbett, Miss Doris Corbett and Mr. Nigel Morgan returned home yesterday morning, via Port Angeles, from an enjoyable week's holiday spent motoring to Eastern Washington, Oregon and into Northern California. During their trip they visited the Grand Coulee Dam, Crater Lake and Crescent City.

Set Bazaar Date

November 4 has been chosen for the day of the annual bazaar of the Ladies' Auxiliary to St. Joseph's Hospital. The sale promises to be as successful as in past years and all members are working hard to offer dainty gifts, fine sewing and knitting. As usual, the bazaar will be held in the Nurses' Home.

En Route Home

Mrs. Frank Chappel, Kimberley, B.C., left yesterday afternoon for Seattle, en route to her home in the Interior. Mrs. Chappel visited Mrs. L. Hellier, Orchard Avenue, while in the city for a few days.

Queen Alexandra Solarium

The monthly meeting of the W.A. to the Queen Alexandra Solarium will be held in the office, Pemberton Bldg., Thursday afternoon at 2:30 o'clock.

Old Fashioned Patchwork Cushion

by Mayfair

MAYFAIR NEEDLE-ART—DESIGN No. 248

Flowers made of gingham and stems of calico remind one of the dog and cat who "side by side in the chimney sat." They bring that quaint old world atmosphere into our modern living rooms. For a very grand cushion, select printed silks, for porch cushions use bold cottons, and for a boudoir your choice should be dainty printed pastels in any fabric you prefer. Plain, glazed chintz may also be used for the background. The pattern contains detail chart, cutting pattern for applique motifs, and assembling instructions.

Y.P.S. News

BELMONT UNITED

Rev. Bryce Wallace addressed the Belmont United Y.P.S. at its inaugural meeting in the Sunday school room. After an interesting discussion on the fourfold programme of the United Church Y.P. Union, the society appointed George Bishop, Fred Smith, Ronald Edmonds, Miss Mona Emery, Miss Kay Knott, Miss Audrey Morrison, George Pears and Miss Evelyn Curtis to form the nominating committee. The advisory board consists of Rev. Bryce Wallace, F. Smith, A. H. Hundleby and W. Cook. A rousing sing-song was led by Sergeant James. Music was supplied by R. Glass, Frank Taurey, Stanley James and Walter Reid. The next meeting will be held on Friday, October 1, and all the young people of the church and their friends are invited to be present.

CENTENNIAL SOCIAL

A social get-together for the members and friends of Centennial United Church has been arranged under the auspices of the Women's Guild to be held in the schoolroom on Friday at 8 p.m. The choir will provide an hour's entertainment of music consisting of part songs, plantation melodies, and solos by Mrs. S. Sweinam, Mrs. W. Cadwgan Williams, Mrs. F. Leech, Miss Mary Samuelson, George F. H. Farmer and J. W. Buckler. Frank Hall will preside. There will be no admission charge. Refreshments will be served.

MARTHA Raye, screen comedienne is chic as well as witty. She is wearing a dinner dress of red crepe with brilliant buttons up the front and the decolletage banded in red sequins, which also make a jacket. Her satin slippers match the gown and the only jewelry she wears is a bracelet of ruby beads.

HARD-OF-HEARING CLUB

The Victoria Club for the Hard-of-Hearing will meet as usual tomorrow evening at 1011 Government Street at 8 o'clock. A desk hearing-aid which has been constructed locally for one of the members will be on hand for other members to try out. Anyone interested in the club will be cordially welcomed.

THE OTHER WOMAN LIVES JUST AROUND THE CORNER

IT may seem unreasonable, but insist men cannot understand why a woman who is usually happy and loving should have recurring periods when her whole character seems changed. He cannot appreciate the distress, the discomfort that all women must endure. He does not know what it is to do housework with an aching back and failing energy. All he does know is that other women seem more cheerful by comparison.

Are you such a three-quarter wife?

Don't let the ordeals that all women face cause you avoidable discomfort or endanger your home. Do as so many wise women have—try Lydia E. Pinkham's Vegetable Compound.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life. 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."

Coming-of-Age Party

A twenty-first birthday party was held at the home of Mrs. C. Trace, Constance Avenue, on Saturday evening in honor of Miss Peggy Campbell. The color motif was rose and green and the table for dinner was centred with a birthday cake, prettily decorated with rose and green and flanked by paper candles and vases of goldenrod and sweet peas. Green and rose streamers added a gay effect to the table and a large spotlight was arranged to shine on the guest of honor. After a toast to Miss Campbell, she was presented with a laurel wreath as a token of womanhood, and a golden key as a token of the key to life. Dancing and games were enjoyed and a late supper served. The guests were Mr. and Mrs. C. Trace, Mr. and Mrs. B. Walter, Mr. and Mrs. F. Campbell, Mr. and Mrs. Roy Henry, Mr. and Mrs. H. Hunter, Mr. and Mrs. J. Cornell, Mr. and Mrs. Bewley, Miss Iris Vickers, Mr. Howard Birnie and Mr. C. Maedell.

VICTORIA WEST

A meeting of the Victoria West Local Association was held last evening at the home of Miss Leighton, Lee Avenue. A hearty vote of thanks was given to Mrs. P. E. Corby for her services as badge convenor. Badge examinations will be held in the first week in November, names to be sent to Miss Leighton by October 16. Plans were made for a bridge party in November in aid of funds. Successful camps were reported and a letter of thanks read from the Sooke Community Association for the Guides' help on Sooke Day. Guide day will be celebrated on October 9. The West District Guides will clear up the beaches along the Dallas Road and Beacon Hill waterfront, as a community "good turn." If possible, arrangements will be made for all Guides of the division to gather to hear the Guide Broadcast from Toronto, when they will be guests of the commissioner at tea.

Weddings

ANDERSON—CASORZO

NANAIMO, Sept. 20.—At St. Andrew's United Church, with Rev. W. P. Bunt officiating, the marriage took place of Angelina, daughter of Mr. and Mrs. Charles Casorzo, well-known residents of this community, and Mr. Jack Anderson, son of Mr. and Mrs. J. Anderson, old-time residents of Nicol Street.

The bride wore a lovely gown of bridal fashion in form-fitting design trimmed with Chantilly lace; an embroidered net veil held in place with orange blossoms, and she carried a shower bouquet of bridal roses and pink carnations. She was attended by Miss Dorothy Dockensen, who wore a redingote gown of blue net over taffeta, a matching hat and matching accessories. She carried pink carnations. Mr. J. Good was best man. A reception followed the ceremony at the home of the bride's parents, where refreshments were served from a table with lovely appointments. The bride's cake was flanked by candles and rosebuds.

Mr. and Mrs. Anderson, who have many friends, left for Sound cities and will reside in Nanaimo. The out-of-town guests included Mrs. J. Tapella, Mr. and Mrs. Magnuran and Mr. and Mrs. B. Dunn, Vancouver.

CARTER—SPOTTS

The marriage was quietly celebrated last Saturday evening of Miss Bertha Spotts, youngest daughter of the late Mr. and Mrs. Charles Nelson Spotts, West Saanich Road, and Mr. James L. Carter. Rev. Thomas Keyworth, Sidney, was the officiating clergyman.

Wearing a pretty dress of turquoise blue, triple sheer, with a corsage bouquet of pink and white carnations and a becoming bandeau of pink roses in her hair, the bride was attended by her sister, Miss Laura Spotts, who wore a smart dress of champagne-colored printed georgette, the corsage composed of pink and white carnations, and a pink rose in her hair. The best man was the bride's brother, Mr. Alfred Spotts.

After the wedding ceremony, a reception was held at the residence of Mr. and Mrs. Norman Alexander, 1112 Balmoral Road, Mrs. Alexander receiving her guests in a becoming gown of figured satin with overdress of black georgette, made in redingote style. The centre of the table was occupied by the three-tier wedding cake, which was cut by the bride. The rooms for the occasion were tastefully decorated with large baskets of gladioli in Autumn colorings. Many handsome gifts were received by the happy couple.

Mr. and Mrs. Carter will make their home in Victoria.

OLIVER—CHARLES

NANAIMO, Sept. 20. — A quiet wedding was solemnized at the Haliburton United Church manse, with Rev. J. H. Wright officiating, when Miss Phyllis Charles, South Wellington, and Mr. Norman Edward Oliver, Nanaimo, were united in matrimony. The attendants were Mr. and Mrs. A. Decourt. They left for Vancouver, en route to Seattle, and will reside here.

WOOTTEN—BORTHWICK

A pretty wedding was solemnized on Saturday at St. Stephen's Church, Mount Newton, when Rev. J. S. A. Bastin united in marriage Margaret Graham Borthwick, and Mr. Alfred Charles John Wootten. The bride, who was given in marriage by Mr. E. V. Leslie in the absence of her father, looked charming in a long white brocaded silk dress, with a coronet of same trimmed with small white flowers. Her bouquet was of pale pink and white gladioli and carnations with maidenhair fern and long pale blue streamers. She was attended by Miss Edna Hunt as bridesmaid in an ankle-length dress of pale blue silk with hat to match, and carried a bouquet of pink, mauve and white flowers, with pale pink streamers. Mr. Roy Wootten, brother of the groom, was best man. Mr. Bert Wootten and Mr. John Paterson acted as ushers. The church was prettily decorated with flowers by friends of the young couple. After the ceremony a reception was held at the home of the groom. The guests were received by Mrs. C. Wootten in an all-over black lace dress, and white accessories. The table was centred with a two-tier decorated wedding cake with a large white bell suspended from the ceiling and white streamers. The bride and groom received many handsome and useful gifts, among them being a cheque from the bride's father. The bride's traveling outfit was a small brown coat and hat to match, with a dress of light brown with dark trimmings. After a honeymoon motoring Up-Island, the young couple will reside at Royal Oak.

McLENNAN—NEWHAM

The marriage of Agnes Ann (Bessie), only daughter of Mr. and Mrs. W. Newham, Parsons Bridge, and Mr. John McLennap, son of Mr. and Mrs. McLennan, Victoria, took place at the home of Rev. A. E. Whitehouse on Friday evening at 8 o'clock.

The bride, who was given in marriage by her father, looked charming in a Princess gown of Empress taffeta in peach shade. She wore a sprap of velvet flowers attached to a circular veil of peach tulle, and carried a bouquet of Talisman roses showered with white heather. Miss Thelma Brotherston was bridesmaid and wore a gown of primrose organdie, fashioned with a full skirt and short jacket. She wore a spray of yellow and brown flowers attached to a short brown rose veil, and carried a shower bouquet of baby Royal dahlias and maidenhair fern. Mr. Alex McDonald was best man.

After the service, a reception was held in the private dining-room of the Douglas Hotel. A three-tier wedding cake centred the bride's table with vases of white carnations on either side. Later, Mr. and Mrs. McLennan left for a motor trip to California. For traveling the bride wore a dress of Paddy green silk, brown camel hair coat and small brown felt turban. Her corsage bouquet was Talisman roses. On their return they will make their home in Victoria.

Among the many handsome wedding presents was a walnut tea wagon from the lady members of the Royal Colwood Golf Club, where the bride has been employed for the past three years.

"The house shook," said Brown, describing an earthquake he had experienced abroad. "Cups and saucers flew all over the place."

"Great Scott," exclaimed Jones, "that reminds me—I forgot to post my wife's letter."

Slim 'Corselette' Waist

Black raven silk crepe, so important this season, made this slim "corselette" waistline dress. Again the sculptured-like soft draped front bodice and skirt fullness is so entirely figure flattering. The new looking bracelet sleeves give you a chance to cover your bare arms with jeweled bracelets of moyen age influence. Rayon jersey or lustrous satin is equally smart and inexpensive to develop this quickly-made dress. A step-by-step instruction chart included.

Style No. 2788 is designed for sizes 14, 16, 18, 20 years, 32, 34, 36, 38, 40, 42, 44 and 46 inches bust. Size 36 requires 3⅞ yards of 39-inch material.

The Fall and Winter Fashion Book is filled with lovely designs for everyday wear, which are easy and inexpensive to make.

Dame Fashion Unlocks Victorian Jewelry Box

Jewelry and jeweled headdresses are now shown in the new season's fashions, says an article in The Times (London). Draped evening gowns of velvet and heavy crepe are shown with turbans of those materials or with twisted folds which leave the top of the head bare. Velvet ribbon is tied lightly round a curled-up coiffure, and finishes in front with a lightly wired upstanding bow.

Close-fitting caps of stranded sequins or jet on tulle are treated in the same way. For day-time wear, turbans and small toques are of heavy printed crepes, silk foulards, and stiff surah silks, the accompanying blouse being in the same material.

JEWELLED BUTTERFLIES

On an evening dress of heavy white crepe, cut on very simple lines, there is a wide belt of many colored flat sequins, worked diagonally. A butterfly bow of sequins, worked in the same way, is worn high on the hair. These butterflies for the evening are in multi-colored stones, miniature butterflies being worn in the ears. For day wear, they look best in white filigree in the form of brooches with matching ear-clips. A butterfly with a metal body has wings of stiffened crepe de Chine, and is worn clipped on to the revers of a tailored suit or at the side of a plain felt hat. Diamond stars look well in dark hair for the evening. Two large stars may be worn on one side, or as many as four or five small stars scattered over a brushed-back coiffure. Tiny combs of chiselled gold which hold the curls back behind the ears are worn with flat, round gold ear-clips.

BROOCHES AND EARCLIPS

There is much variety in color and design on brooches and ear-clips designed for daytime wear. A bunch of enameled forget-me-nots with gold leaves has miniature ear-clips to match. Ruby-red currants are treated in the same way. Cornflowers for the ears. Jeweled flowers and fruit also appear on gilt vanity boxes and cigarette cases.

On dark woolen dresses for sports wear are seen large colored clips of crystal or leather, which provide the only note of color. Colored pearls are worn with dark town dresses, as when a necklace of five rows of bright blue pearls is shown with a black frock.

VICTORIAN INFLUENCE

Much of the plainer costume jewelry shows a Victorian influence. Heavy gold bracelets are worn on the wrist and no longer high up on the arm. A bracelet of this type has a large black enamel knob in the centre which revolves to show a tiny watch underneath. Others are decorated with jeweled flowers or fruits which can be removed to use as buttons on the front of a dress. Gold chains with large links are worn singly or in several strands, fastened by a plaque with jeweled flower design. With these bracelets go solid gild clips chased or jeweled to match. Big bunches of gold balls or pearls arranged like a cluster of grapes make clips designed for afternoon wear, and flowers with gold stems and leaves are set in tiny picture frames, to give a cabuchon effect.

CAMEOS COME BACK

On the simple draped and high necklines of the new season's day dresses Victorian lockets, snake chains and cameos look particularly effective. A round brooch of antique gold metal is worn on the centre panel of a shirred velvet shako cap. It has a matching bracelet with a cabuchon fastening, and the accompanying handbag is shirred velvet with a heavy gold chain handle. A more modern trimming takes the form of a large clip and matching bracelet made of small white wooden bells and beads which dangle at neck and wrist.

CHAPTER XXXIX

Windows were lighting up now, shades were lifting, white faces stared out curiously into the night. And still Polly ran on, stumblingly, crying over and over, "Sheila . . . Sheila . . . . Where are you, Sheila . . .?"

She was at a point almost directly opposite Angus' house when at last she saw the lighter shadow against the solid black of the riprap. And then a light went on in an upper room of Angus' house and the shadow became a trembling white figure in a faint glow that lay in a band across the beach.

Sheila was leaning against the riprap, her hands pressed at her throat. Under Polly's quick reassuring touch the slim arms jerked with every violent voiceless sob.

"He—he choked me! He tried to—kill me!" The words were labored gasps, uttered in tones of incredulity as if she could not accept the fact of what had happened to her even yet. "I was walking—on the beach. I didn't hear him. I heard nothing. And then——"

"Who was it, Sheila? You saw him. You recognized him." That shrieked name was still ringing in Polly's ears. But Sheila shook her head.

"No . . . ." she said, her voice emphatic in denial. "No—I didn't see him. He came up behind me, put his hands on me, around my neck."

Polly thought, "Oh, come now—you called his name. I heard you!" But she didn't say that. She said: "You didn't see him at all, Sheila?"

An eye of light was floating out from Angus' house. They saw it approaching swiftly. Sheila said, "Yes, I saw him—but not his face. He had turned away was shuffling off toward the house, our house."

Shuffling! Polly repeated the word aloud: "You said 'shuffling.' He must have been running . . ."

"No . . . no. He didn't hurry. He—dragged his feet." Suddenly she covered her face with her shaking hands. "Oh, Polly, I could almost swear it was——" She was silent, refusing to utter his name.

Polly supplied it: "Mel Dyson?"

Sheila's head nodded repeatedly.

"Polly . . ." Angus' voice preceded his arrival. "Was that you calling Sheila?" He focussed his flashlight on Sheila's face. Without another word, he put his arms about Sheila and pulled her head against his shoulder. It was the simple protective gesture of an older brother.

They walked back toward the house and Polly realized presently Angus was in his pyjamas. Sheila's hands clung to her throat and she leaned heavily against Angus.

Sitting in a rocker on the porch, with Angus squatting at her side, Sheila repeated what she had told Polly. Angus said at last: "But it's absurd to think Mel Dyson could have done it. The man's been blind for years. He's a landmark on the island. Every one knows him. He couldn't——"

Polly said: "I saw him, too, Angus. He was coming through the gate as I ran out. I spoke to him, calling his name."

"But he's deaf as well as blind," Angus said.

"Yes, I know. I was excited, I suppose. He walked directly towards me. I had to move to one side to let him pass."

"Did he have his dog?"

"I don't know," Polly said. "You know how dark it is out there."

They were silent then. Presently Sheila rose. "I think I'll go in. I—I'll be all right."

And Angus said, "We'll settle the question about Mel Dyson—definitely."

The said good-night to Angus and Polly held Sheila's arm as they made their way up the stairs. "Would you like to have me sleep in your room, Sheila?" Polly asked.

Sheila looked at her as if she wanted that, felt the need of some one near her. But she said, "No thank you, Polly, but—I'd rather you stay near Tod. Don't let anything happen to Tod, Polly."

Polly went to her room. She punched the lights on in Tod's room. He was sleeping soundly. She went back to bed—but not immediately to sleep for an old chant took up its monotonous round in her brain . . . "Evelyn, Sheila and Cleaves." But now there was a shocked cry hanging in her consciousness and she felt instinctively that it held some special meaning in relation to those three names. And for the first time—and the last—she was tempted to drop Sheila's name from her list of Fordell's suspects—but, almost against her will, did not.

(To Be Continued)

She—Do you think there is music in the stars, dear?

He—I don't know, but I've heard of the sun causing a belle to peel.

CULBERTSON on CONTRACT

By Ely Culbertson

World's Champion Player and Greatest Card Analyst

As I announced yesterday, this week's articles follow the fortunes of a certain pair through a match-point duplicate game. In fairness to this pair, which came out with top score, I should point out that it was by far the best in a mediocre field. It was only natural, I suppose, that they should bid in a highly aggressive fashion, relying on the opponents for a gift here and there. Did I say here and there? I kibitzed this pair throughout and it seemed to me that the opponents were under the impression that it was Christmas and that they (the opponents) were Santa Claus. Yesterday I showed how one game was snatched out of thin air. Here is another instance of highway robbery:

North, dealer.
Both sides vulnerable.

NORTH
♠ J 8 5 2
♥ J 9 4
♦ A Q 10 6 2
♣ K

WEST
♠ A
♥ Q 8 7 3
♦ K J 5
♣ Q 8 6 4 2

EAST
♠ K 10 9 7 4

♦ 8 4 3
♣ 7

SOUTH
♠ Q 6 3
♥ K 10
♦ 9 7
♣ A J 10 9 5 3

The bidding (both sides vulnerable):

North	East	South	West
Pass	Pass	1 ♠	Pass
1 ♦	1 ♠	2 ♣	Pass
2 NT	Pass	3 NT	Pass
Pass	Pass		

The only excuse I could find for South's bidding was that he was flushed with victory. His opening bid, although light, was, of course, correct as third hand in a match-point game. But when he not only rebid freely over East's spade, but, on the next round raised the no-trump, I thought he had gone mad. Apparently he knew more about the opponents than I did.

East opened with the ten of spades, dummy played low, and West won with the ace. West studied the exposed South hand for quite a while and then, obviously a slave to the dictum "lead up to weakness," returned a low diamond. Declarer let this ride to dummy's nine, then finessed on the way back. West's king and jack were picked up, and declarer cashed his two long diamonds.

East, meanwhile, had discarded one spade and one heart. Three clubs were discarded from dummy and West, holding on to his hearts for dear life, also let go clubs.

Declarer now cashed the club king and then led a spade. East put in the nine to force the queen. The club ace was then cashed and West was thrown on lead with the club queen. Having nothing left but hearts, he had to lead up to dummy's heart king. East was helpless to avert defeat. He could take only the heart ace and spade king and thus had to concede the ninth trick either to dummy's heart king or declarer's spade jack.

West had thrown away the defence single handed. On winning with the spade ace his correct return was a low heart. There was no reason for him to disbelieve North's diamond bid and, therefore, no sense in attacking that suit. Had the defenders knocked out the heart king at an early stage, the defeat of the contract would have been a cinch. Even with the diamond return, West still could have stopped nine tricks by hanging on to the queen and three clubs and letting go one of his "precious" hearts.

As indicated above, declarer had difficulty in discarding from dummy on the three long diamonds, and chose to let go three clubs. If, when thrown on lead with the club queen, West had had another club, it would have been as good as gold.

TODAY'S QUESTION

Question—If, after a player doubles, the next opponent bids, what honor tricks should partner of doubler hold in order to make a bid?

Answer—He should have at least one honor trick and a biddable suit, or one-half honor trick and a six card major suit.

IOWA—"THIS IS THE PLACE!"

A rose by any other name is still a rose, and Iowa, which was called variously by, among others, its native Indians, fur traders and French, Spanish and English gentlemen of the wanderlust is still the land of the rolling prairie and the Hawkeye State.

A great many researchists have worked very hard attempting to trace definitely the story behind the name Iowa, but not to determinative avail.

That it is after the designation of an early indigenous tribe of redmen who inhabited the state and the banks of its chief river particularly is undisputed, beyond that it seems to be almost any investigator's opinion.

Now, while it is natural that where so many have labored with conflicting material there should be differences of conclusion, happily there is some degree of concurrence to the effect that Iowa is rooted in the Dakota Indian language and that it denotes either "beautiful land," "something to write or paint with," and last, but weightiest, "This is the place!"

WANTED TO KNOW

The man in the dock was a familiar figure. At least a dozen times before he had been convicted of picking pockets, and there seemed no reason why he should not be sent down again.

The magistrate asked whether he had anything to say.

"Yus, yer worship," said the prisoner. "I'd like this 'ere case put off for a week. My lawyer's ill."

The magistrate smiled.

"But you know perfectly well that you were caught by two policemen with your hand actually in the gentleman's pocket. What could your lawyer say in your defence?"

"Yer Worship," said the prisoner earnestly, "that's wot I'm curious to know."

A LONG WAIT

A retailer, on receiving the first delivery of a large order, was annoyed to find the goods not up to sample. "Cancel my order immediately," he wired to the manufacturers.

They replied "Regret cannot cancel immediately. You must take your turn."

Drummer—Why, hello, Rastus, what are you doing away out here in the West?

Rastus—I's in de minin' business, boss.

Drummer—You don't say! What kind of mining—gold mining, silver mining, copper mining

Rastus—Calcimining

HUBBELL AND GOMEZ WIN TWENTIETH GAMES OF YEAR

Mac's Best Captures Nanaimo Handicap At Local Enclosure

Wins Feature Event Before Large Crowd at Willows Track — Sahara Chief, Heavily Backed, Is Third—Favorites Score in Other Events

Finding the going to their liking and running at the top of their form favorites clicked in six of the seven races yesterday at the Willows track.

Only once, in the Nanaimo Handicap, feature gallop of the day, did the favorite fail to come down on top. Sahara Chief, heavily backed by the punters, ran third and spoiled a complete triumph for the No. 1 selections.

Mac's Best, with Jockey Frankie Wilbourne in the pilot house, copped the lion's share of the purse in the handicap. Made second choice by the punters, in a field of four thoroughbreds, the Scotia Stable entry broke on top and lasted long enough to lead the parade to the wire. Maggie O'Boyle, the outsider in the event, was second.

LOUIE DEAR WINS

Louie Dear, after running two good seconds in earlier attempts, finally scored when she took the initial gallop. Genevieve M. was second and Ancient Rome third. Baxter brought Playing On home in front in the next race. The winner went on top early and made every post a winner. Thrillowisp and Triassic were second and third, respectively.

Brown Jester, Libbet and Sunny Colleen finished in order in the third race of the day at six furlongs and thirty yards, while in the fourth gallop at one mile and seventy yards, Billy Easter, Princess Han and Happy Jester ran one, two, three.

Frankie Wilbourne, leading winning mount rider, brought in his first winner of the day when he scored with Lady Goldstream in the fifth event. Ladyflier trailed the winner to the wire. Some Gift took the show money and, incidentally, returned the top price of the day, $12.90 for a two-dollar ticket.

Going on top entering the stretch on the way home, Pipe's Pal carried off the honors in the seventh and final race of the day. Swepen was second and Tampa Lass third.

The daily double, Playing On to Brown Jester, paid $14.85, while the Quiniella bets in the fifth and seventh events returned $10.40 and $16.80, respectively.

Another attractive card will be presented today with the first post time at 1.45 o'clock.

Miss Viola Harris was 1 up in the monthly bogey competition, others competing being Mrs. F. G. Aldersey, Mrs. J. Longbourne, Mrs. G. G. Share and Miss Doris Powel.

Women, Children To Be Rugby Union Guests at Matches

MEMBERS of the Victoria Rugby Union, at their meeting yesterday evening in The Colonist board room, decided to admit women and children free to all Barnard Cup games played this season at Macdonald Park. The suggestion was advanced at the inaugural session of the union, and yesterday, after a short discussion, it received the full support of the officials and members of the V.R.U. While no definite dates have been set, the Victoria Rugby Union plans to have Mainland fifteens visit here during the season for inter-city matches in addition to the McKechnie Cup games. The application of the Colwood Wood Company Rugby Club was accepted, making the first time in the history of the oval ball game in Victoria that a sponsored club has been granted a franchise. The new team will, in all probability, play in the senior "B" loop.

TED CARLOW HEADS FIELD

Wins Caddies' Title at Colwood Club; Leo Derman Shoots Round of 73

Shooting a well-played round of 79, which his ten handicap sliced down to a net 69, Ted Carlow captured the T. S. McPherson Cup, emblematic of the caddies' championship, yesterday morning at the Colwood Golf Club. Carlow headed the field by a lone stroke, nosing out Leo Derman, who turned in the best card of the day, a brilliant 73. Derman's net total was 70. Taking third position came fifteen-year-old Billy Ord, who had a gross of 83 and a net 71. Next came Charlie Carnegie, with a net 73, and then C. Heggie and "Scoop" MacDonald shared the next position with 76's.

In capturing the tournament, Carlow was out in 37, and then took forty-two strokes for the back stretch. Derman had a great chance to finish with a sensational round of 69 by shooting a trio of fours on the last three holes, but he encountered trouble on the sixteenth and ended up with a seven. At the next hole he had a five and then parred the dog-leg eighteenth for his 73. Then young Billy Ord had a glorious chance to finish in a tie for top place with Carlow, but had the misfortune to hit the pin from a bunker bordering the sixteenth green, a shot which automatically cost him two penalty strokes.

HAD FINE ROUND

Derman blazed his way over the outgoing nine in 35 and then came back in 38, which included that disastrous seven. Ord was out in 40 and back in 43.

The boys attended a banquet in the clubhouse afterwards, and then Jimmy Ord presented the various prizes to the winners.

Net scores follow: T. Carlow, 69; L. Derman, 70; W. Ord, 71; C. Carnegie, 73; C. Heggie, 76; A. MacDonald, 76; L. Basanta, 82; H. Stevens, 82; O. Hincks, 85; J. Heggie, 85; J. Fordyce, 85; A. Kelly, 87; W. Chass, 91; C. Hincks, 94; J. O'Connell, 95; E. Flindell, 96; F. Flindell, 96; J. Jamieson, 101; J. Reid, 113; E. Stevens, 118; B. Barr, 125, and G. Bloggs, 128.

The caddies wish to extend thanks to the women members who so kindly scored for them during the day.

Cue Association To Meet Friday

A meeting of the Victoria City Billiards Association will be held in the Elks Club on Friday evening at 8 o'clock. All clubs are asked to have delegates present as plans for the season will be discussed. Players interested are also invited to attend.

Net Champion Collapses After Match

Just in case there are among our readers any doubting Thomases who still think girls' sports are namby-pamby affairs, we have here today Exhibit "A" as evidence in rebuttal. In the arms of three stalwarts is Senorita Lizana, of Chile, being carried off the courts at Forest Hills, Long Island, just after she captured the United States singles tennis crown, in straight sets, from Jadwiga Jedrzejowska. The strain of a week-long battle to reach the final, plus the effort of matching and bettering the smashing play of her powerful Polish opponent, proved too much for the senorita. It was in the same tournament a couple of years back, that the one and only Helen Wills Moody left the courts with a strained back in the middle of her match with Helen Jacobs.

TIED FOR LEAD AT GORGE CLUB

Chuck Jordan and George Cartwright Share Honors In Cup Tournament

Pacing the large field with net cards of 64 George Cartwright and Chuck Jordon shared top position at the end of the first eighteen holes in the Sharland Cup competition Sunday at the Gorge Vale Golf Club. Close on their heels came Mike Ott and George Davies with 66's, while sharing the next berth was A. J. Maynard and C. McLeod with a pair of 67's. Bob Foulis, Major Aitken, Doug Morry, "Bunny" Thomson and George Baird finished within striking distance of the joint leaders with net 69's. Ten strokes behind came Clyde Banfield, the defending cupholder, who had a 74 and practically shot himself right out of a contending position. The second round will be run off next Sunday.

Scores follow:

G. Cartwright, 64; C. Jordon, 64; M. Ott, 66; G. E. Davies, 66; A. J. Maynard, 67; C. McLeod, 67; R. Foulis, 69; D. W. Morry, 69; J. G. Thomson, 69; G. Baird, 69; Major G. G. Aitken, 69; A. JOE MEDWICK BOOSTS MARK

Increases Bat Lead in National Circuit to Twenty-One Points

(By the Associated Press)

Ducky Medwick, of the Cardinals, added another point to his batting average yesterday, hitting two-for-four for a .379 season mark, thereby boosting his National League lead to twenty-one points. In the American League side of baseball's Big Six, Lou Gehrig, of the Yankees, picked up a point on the pace-setter, Charley Gehringer, of the Tigers, although each hit safely only once in four chances. They wound up with Gehringer way out in front with .382 to .359 for the "iron horse."

Standings of the leaders (first three in each league):

	G	AB	R	H	Pct.
Gehringer, Tigers	130	508	121	194	.382
Medwick, Cardinals	143	580	105	220	.379
Gehrig, Yankees	142	527	129	189	.359
P. Waner, Pirates	141	573	84	205	.358
Mize, Cardinals	132	510	90	182	.357
DiMaggio, Yankees	136	562	141	197	.351

HOME RUN STANDINGS

Yesterday's Homers — DiMaggio, Yankees, 1; Doerr, Red Sox, 1; Bell, Browns, 1.

The Leaders—DiMaggio, Yankees, 44; Gehrig, Yankees, 36; Greenberg, Tigers, 36; Foxx, Red Sox 33; Ott, Giants, 31; York, Tigers, 31.

League Totals — American, 748; National, 590; total, 1,338.

Former Victoria Hockey Star Dies On the Mainland

VANCOUVER, Sept. 20 (CP).—Bob Genge, former Victoria hockey player when the game was at its height of popularity here some years ago, died at his home here today. He was forty-seven.

Genge learned his hockey in Port Arthur, Ont., and played on the Prairies before turning professional. Then he came West, in 1913 joined Lester Patrick's Victoria team, and for several years was one of the strongest defence players in the circuit.

He moved to Vancouver recently.

WOOD CAPTURES MONTHLY MEET

Lieut.-Com. M. A. Wood finished with a card of 88-24—64 to top the field in the first monthly competition held at the Victoria Golf Club, on Sunday. Tied for the runner-up position came W. W. Squire, J. D. D. Campbell and W. H. M. Haldane, with net scores of 65. C. I. Mackenzie and H. W. B. Rogers were next with 66's and W. P. Unsworth held the next berth with a 67.

Ice Hockey Meeting

MONTREAL, Sept. 20 (CP).—Frank Calder, president of the National Hockey League, announced today the meeting of governors, originally scheduled to be held in Toronto on September 25, will be held in New York on September 24.

FAMOUS SOUTHPAWS TWIRL GIANTS AND YANKS TO VERDICTS

First Pitchers in Respective Leagues to Register Twenty Victories—Hubbell Brings New York Through to 10-3 Win Over Cards—Cubs Nose Out Brooklyn Dodgers, 5-4

ST. LOUIS, Sept. 20 (AP).—By the simple means of getting away to a flying start and then giving Carl Hubbell the job of staying in command, the New York Giants walloped the Cardinals 10-3 with a seventeen-hit attack to retain their two and one-half-game National League lead. The victory, featured by a first-inning outburst in which each club connected for six straight hits, driving both starting pitchers to the showers, gave Hubbell the honor of becoming the first pitcher in the National League to win twenty games this year.

CARL HUBBELL

Taking over at the start of the third, after Cliff Melton had been belted out in a third of an inning, and Walt Brown had been relieved in one and one-third, Hubbell allowed four hits and fanned six in a classy seven-inning relief performance. He missed by some three hours the distinction of becoming the first twenty-game flinger in the Majors for the year, since Lefty Gomez turned the trick for the Yankees in New York during the afternoon.

Getting set for tomorrow's start of their crucial series with the second-place Cubs, who whipped Brooklyn today, the Giants exploded their heaviest hitting attack since mid-August, sewed up the ball game with a five-run splurge in the first inning, and were never in trouble with Hubbell and his screwball on duty.

		R.	H.	E.
New York	502 101 100—10	17	1
St. Louis	300 000 000—3	10	2

Batteries — Melton, W. Brown, Hubbell and Mancuso; Weiland, Harrell, Blake and Bremer, Ogrodowski.

Cubs Squeeze Through

CHICAGO, Sept. 20 (AP).—The Chicago Cubs stopped a big Brooklyn Dodger rally with the tying and winning runs on base in the ninth inning today to squeeze out a 5-4 victory and stay two and one-half games behind the Giants in the National League dog-fight.

Getting their final tune-up for the start of their crucial series with the league leaders tomorrow, the Cubs had smooth sailing through the first eight innings as Bill Lee limited the Brooklyns to two hits. In the ninth, however, the Dodgers belted Lee and his successor, Clay Bryant, to the showers with a rally that netted all their runs and fell just short of deadlocking the count.

The victory coupled with the Giants' win in St. Louis, left the pennant chase just where it was before hostilities got under way today.

AMERICAN LEAGUE

NEW YORK, Sept. 20 (AP).—Lefty Gomez became big league baseball's first twenty-game pitching winner of the year today, with a classy four-hit whitewashing job against the Tigers.

His fine flinging, coupled with the timely hitting by Lou Gehrig, Joe DiMaggio, who belted his forty-fourth homer of the year, and Bill Dickey gave the Yankees a 5-0 victory over Detroit in the finale of their season's series.

It was Lefty's fourth straight win and second straight shutout. The big league strikeout king fanned nine during the game to boost his season total to 184. He did not walk a batter.

New York	002 020 01x—5	9	0

Batteries — Wade and York, Gomez and Dickey.

Teams Split Even

BOSTON, Sept. 20 (AP).—The Red Sox wound up their season's series today with the St. Louis Browns by splitting a double-header before a scant 1,500 customers. DAN BULGER IS STILL FAVORED

Maintains Top Place in Betting for Cambridgeshire Race in October

LONDON, Sept. 20 (CP).—Sir Abe Bailey's Dan Bulger today maintained his place as favorite for the Cambridgeshire, being backed at 1 to 2 in the callover of odds at the Victoria club. The four-year-old won the race last year.

James A. de Rothschild's Esquemeling and Robert Middlemas' Fairplay shared second place at 25 to 1. Other odds: Artist's Prince, 28 to 1; Scarlet Princess, Spot Barred, and Moody, 33 to 1; Le Bambino, Allegiance and Red Squaw, 40 to 1.

Another of Sir Abe Bailey's Campaigners, Maranta, held his place as favorite for the Cesarewitch, second event of the Newmarket "Autumn double." Maranta was backed at 100 to 6. Followed by Near Relation and Punch, 18 to 1; Fet and Tyoun de L'Air, 22 to 1; Senor and Harewood, 25 to 1; Signature, 28 to 1; Sir Calidore, Fearless Fox, and Nightcap II, 33 to 1, and Haulfry, 35 to 1.

The Cambridgeshire will be run on October 13 and the Cesarewitch on October 27.

Guldahl Is Triumphant Over Smith

CLEVELAND, Sept. 20 (AP).—Ralph Guldahl, of Chicago, the husky twenty-five-year-old National open champion, banged out a par 72 over Canterbury's rugged terrain to defeat Horton Smith, also of Chicago, by four strokes in an eighteen-hole play-off for the thirty-seventh annual Western open championship today.

The pair tied at 288 for the regulation seventy-two holes which ended Sunday, but Smith didn't have a chance today as he sprayed thirteen of his eighteen tee shots into the rough and lost six strokes to par on the first eight holes.

Guldahl, in repeating for the championship which he first won a year ago at Davenport, Ia., with 274, aided by a 64 on the last round, became the first man in history to win the National open and Western open the same year. He was the fourth to take the Western twice in a row.

EXPLANATION FOR SUNDAY'S RIPLEY CARTOON

A Frenchman Gave the United States 6,000,000 Francs—Napoleon Bonaparte said that Beamarchais by writing "Figaro" brought about the French Revolution. This same author and dramatist (1732-1799) was also a successful businessman, and the head of the shipping concern of Roderigue, Hortalez & Co., owning forty sea-going vessels.

After the outbreak of the American Revolution, Benjamin Franklin asked the French Government for a loan of 6,000,000 francs (equal in purchasing power to $24,000,000 today). The French declined the loan, and explained that they would prefer to advance the amount to the United States as a gift. At that time Beaumarchais came forward and his offer to donate the amount to the United States was accepted. The money was spent for munitions and supplies for the American armies. Congress later voted a message of thanks to Beaumarchais. The gift was repaid, the last payment being made to Beaumarchais' heirs in 1831.

Thursday Night's Boxing Card Will Draw Large Crowd

Promoter Mike Jacobs' Carnival of Champions at The Polo Grounds Expected to Outdraw Louis-Farr Fight—Gate Will Near the $300,000 Mark—Three Titles Will Be at Stake

By EDDIE BRIETZ
Associated Press Sports Writer

NEW YORK, Sept. 20 (AP).—Given a break by the weather man, Thursday night's carnival of champions at the Polo Grounds may outdraw last month's Tommy Farr-Joe Louis heavyweight scrap, both in attendance and gate receipts, Promoter Mike Jacobs predicted today. A large evening of fisticuffing is promised. For the first time in ring history, three world's champions will lay their titles on the line on a single programme, and just to add spice to the festivities there will be another joust with half a champion involved.

BARNEY ROSS

Top spot on the programme goes to the lightweight title between Lou Ambers, titleholder, and Pedro Montanez, Puerto Rican knockout specialist.

Next in interest is the fifteen-rounder in which Chicago's Barney Ross seeks to defend his welterweight crown against the two-fisted challenge of Ceferino Garcia, young Filipino from the Far West.

THIRD TITLE BOUT

The third champion to do his stuff will be little Sixto Escobar, bantamweight titleholder, who will be pitted against Harry Jeffra, of Baltimore, twice victor over Escobar in the over-the-weight matches.

Jacobs originally advertised four title bouts, with Marcel Thil, of France, European middleweight champion, going against the rugged Fred Apostoli, of San Francisco, but the New York State Athletic Commission spiked this by refusing to recognize the winner as world's champion. Freddie Steele, of Spokane, is recognized as boss of the United States 160-pound division, so the best Apostoli can gain by beating Thil is the latter's European title. Apostoli is the only non-champion to be favored in the betting.

"I wouldn't be surprised if she (the gate) passed $300,000," said Jacobs. Louis and Farr grossed $265,000 exclusive of the money collected for radio and movie rights.

Budge, Von Cramm Win Net Matches

LOS ANGELES, Sept. 20 (AP).—Led by America's Don Budge and Baron Gottfried von Cramm, of Germany, favorites came through unscathed in opening rounds of the men's singles in the Pacific Southwest tournament at the Los Angeles Tennis Club today.

Budge and his Teuton rival moved into the second round by defaults and won their next matches handily. Budge defeated Ted Wellman, Los Angeles, 6-3, 6-1, and Von Cramm won from Modeste Aloo, San Francisco, after a match harder than the 6-2, 6-3 score indicated.

WINNERS OF CONTESTS

Mrs. Sutherland Brown, Bowker Place, was the winner of the tea wagon and tea set offered as a prize in the competition conducted by the Robert Burns McMicking Chapter I.O.D.E. at the Willows Exhibition.

The chair, cushion and lamp, offered as prizes in the competition conducted by the Pro Patria W.A., Canadian Legion, at the Provincial Exhibition, were won as follows: G. Nixon, 631 Fort Street, chair; D. T. Walker, R.M.D. No. 4, cushion; E. Simpson, box 249, Victoria, lamp. Winners are asked to telephone Mrs. F. Ripley, E 5372.

BURNETTS CLASH WITH NAVY TEAM

Burnetts, of the local boxla lacrosse league, will provide the opposition for the Navy stickhandlers this evening at the Naval Barracks in an exhibition game, which will get under way at 8 o'clock. Both teams will be at full strength, and therefore, a good, fast game should be the result. Another large crowd is expected on hand.

GOLF FACTS NOT THEORIES
By Alex Morrison

My partner in a recent foursome was handicapped by a fault which many players have at one time or another. His tee shots found him skying the ball. Even though he was using a driver with an absolutely straight face and no loft, the ball would go up in the air as though hit with a mashie.

He told me that he had tried all kinds of clubs without being able to overcome the fault. Obviously, he attributed most of his trouble to the loft of the clubface. Actually this has little to do with such a result. The main cause is to be found in the path traveled by the clubhead.

If the clubhead travels in an up and down arc, the ball invariably is lofted. When the clubhead travels in a flat arc through the bottom of the swing, much as a putter would, then the ball will have a comparatively low flight. So, when you are skying the ball, you are swinging the clubhead in an arc that is too upright. The thing to overcome this is a flat arc.

You can at least approximate the right arc by keeping your left hand firm throughout the swing. Take a firm hold on the club to begin with and make sure that this hand still has a firm hold at the end of your swing.

Pipes Pal could not keep up with leaders first half, was in behind them till reaching back stretch, then moved up on outside and taking top entering stretch was drawing clear at end. Swepen had all the early speed, opened up what appeared a safe lead, was no match for winner when challenged. Tampa Lass held balance of field safe. My Gentleman closed well. Sedate went evenly. Chas. Clarke weakened after a half. Overweight—Judge Austin (2).
Declared—Miss Doublet, Golden Token, Quneur, Exeteri.

New Westminster Whips Richmonds In Opening Game

NEW WESTMINSTER, Sept. 20 (CP).—New Westminster Salmonbellies tonight walked away with the first of a best-of-five series for the inter-city box lacrosse championship, defeating Richmond Homes, 19-8.

Salmonbellies took a 4-to-1 lead in the first, ran it to 9-3 at half-time, and rounded off the game by scoring six goals in the final period.

Harry Campbell led the Salmonbellies' score card with six goals, and Blackie Black scored three for Richmond.

A crowd of about 3,500 watched the game.

BADMINTON CLUB OFFICERS NAMED

Major B. R. Ker Elected President Of the Victoria Garrison Badminton Club

Major B. R. Ker was elected president of the Victoria Garrison Badminton Club at the annual meeting held yesterday evening. There was a large turnout of members and prospects for the coming season look exceptionally bright.

The courts at the Armories will be opened for play on Saturday at 3 o'clock, C. Hugo Rayment, newly elected secretary, announced following the meeting. There are still a few membership vacancies, and those interested are asked to telephone the secretary at E 5320.

Junior members of the club are asked to get in touch with Secretary Rayment at E 5320.

The complete slate of officers follows: Patron, His Honor the Lieutenant-Governor of British Columbia; honorary president, Brigadier D. J. MacDonald, D.S.O., M.C.; honorary vice-presidents, Commander C. T. Beard, R.C.N.; Commander E. W. Oland, R.C.N.; Lt.-Col. J. R. Kingham, Lt.-Col. A. M. Kent, Lt.-Col. W. Bapty, Lt.-Col. M. Wilkins, W. Dunbar, J. R. Hall, Miss F. Oates and Miss H. Nicholson.

CADDIES' MEET WILL BE STAGED

Oak Bay Bag-Toters Will Hold Annual Tournament Saturday Over Eighteen Holes

Caddies at the Victoria Golf Club will stage their annual championship tournament at the Oak Bay course on Saturday morning. The meet will consist of eighteen holes medal play on full handicap, and the winner will receive the Millbank Cup, and will hold possession of it for one year. He will also get a miniature, which he will retain. A number of other prizes will be up for competition.

Bag-toters who have not entered should put in their entries to Phil Taylor, club professional, who is arranging handicaps and will have charge of the competition. A number of women members of the club have kindly offered to score for the boys, but more will be required, and those wishing to assist are asked to notify Taylor by telephoning G 7414. The draw will be made Thursday and the result will be released for publication.

BOWLING
ARCADE ALLEYS

Evelyn Irvine was elected president of the Women's Arcade Tenpin Bowling League at the annual meeting held yesterday evening. Bertha Ray was named vice-president, and Dot McBeath, hard-working secretary-treasurer, was returned to office for another term.

With four teams ready for action, the league will open on Monday, September 27.

Following the business session, presentations were made to the retiring officers by the alley management.

A meeting of the Women's Commercial Fivepin Bowling League will be held at the Olympic Alleys, this evening at 8 o'clock. Captains of the following clubs are asked to have their players in attendance: Beacon Hill, Crescents, Easy Aces, Olympians, Merry Mack's, Radiants, Die Hards, Scott & Peden, Lucky "13," and Coast Hardware.

Clubs interested in entering the league are asked to leave their names at the office of the Olympic Recreations, Yates Street, and attend the meeting this evening.

SENIOR FIVEPIN

With the Tillicums, Trojans, Standard Laundry, and Short's Cafe ready to swing into action, and the Hudson's Bay and Mitchell & Duncan's expected to enter, the Olympic Senior Fivepin Bowling League will get under way shortly. There are still a few vacancies and teams wishing to enter are asked to leave their entries at the office.

YOUNGEST OF STARTERS AT LOCAL TRACK

F. Cantrell, Former Jockey, Doing Fine Job at "Gates" At Willows

A protege of Clay Puett, the man who introduced the Clay Puett starting gate to the horse racing game, Fred Cantrell, former Yakima hardboot and owner, is doing a fine job as starter at the Willows Track. Puett, who officiated for the first few days, was called to Spokane, and Cantrell, the youngest starter in the game today, is pinch-hitting in grand style.

Cantrell has been associated with thoroughbreds and race tracks for a long time, first as a jockey and later as an owner. He started booting the bangtails home back in 1921 and after five years in the saddle, during which time he piloted home 150 winners, he gave up riding and became an owner. Cantrell's last mount in British Columbia was at Hastings Park in 1935, where he had a leg up on Spearshot.

THRILLING EXPERIENCES

Many have been the thrilling experiences of Fred Cantrell, during his five years in the saddle, but his victory on Abadane, owned by C. B. Irwin, over Rebuke, winner of the $100,000 Coffroth Handicap, is really the highlight of his interesting career. Abadane and Rebuke ran in a "match race" at Tiajuana, Mexico, with the former thoroughbred taking the honors in the record time of 1:39 2-5 for the one mile and forty yards. The mark still stands.

Cantrell won his first race at Brighouse Park in 1921, with Tawasentha as his mount. From that time on he scored many successes in the saddle before he quit in 1926 to become an owner. He raced at the Willows in 1926 with Scotsman and Firey Rose and Klickatat Bum.

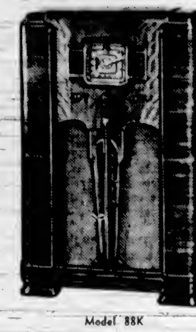

The quiet-spoken, friendly Cantrell made his debut as a starter at Marysville, California. William Quigley, owner of the Chicago Cubs, gave him his first important assignment. Racing officials soon recognized the ability of this promising young starter and he was next heard from at Del Mar, the beautiful one mile track built by Bing Crosby of radio and movie fame.

Many are the trophies and honors won by Cantrell, but what he prizes most is his membership card in the San Diego Humane Society. Fond of horses and a man who prefers kindness in handling thoroughbreds instead of rough tactics, Fred Cantrell, who has certainly made a success of his chosen profession, is destined to go far in horse racing—a game he loves.

SCOTTISH WORKOUT

A workout of the Canadian Scottish intermediate Rugby fifteen will be held this evening at Macdonald Park at 7:30. All last year's players and those interested are asked to turn out.

vitally important to England can be a matter of complete indifference to you."

A picture of an unhappy Europe, beset by fear of war, was painted by Lord Hewart, who asked if the League of Nations "ought more correctly to be called the League of Hallucinations." The nations were beggaring themselves spending on armaments—all pleading the need for self-defence, and most individuals velieving in this need.

CAUSES OF CONFLICT

The jurist, who has been Chief Justice of England longer than any of his predecessors, suggested an inquiry might be made into the possible causes of war in time of peace and thus prevent it.

Lord Hewart urged vigilance to defend the privileges and rights of the courts from usurpation by officials acting under authority of Parliament. In England, the "unabated pretensions of bureaucratic usurpation" were taking out of the courts matters which rightfully belonged there.

FLYERS WERE INJURED

SEATTLE, Sept. 20 (AP).—Two Grays Harbor men, Pilot Harry Galloway and John W. Katsonis, were slightly injured today when an airplane sheared a telephone pole fourteen miles south of here near the Blue Jay Inn.

Stock and Bond Prices Drop at New York Mart

NEW YORK, Sept. 20 (AP).—Stock market leaders dropped to new low levels for the past twenty-one months or longer today, although extreme losses of 1 to 9 points were cut down or cancelled by a slow last-hour rally.

The news picture, while spotty, showed little change and brokerage quarters attributed the further setback in the last partly to weak securities markets abroad, and continued doubts regarding business trends.

Some "bargain buying" and short covering were said to have been principally responsible for the recovery move on the final lap.

The Associated Press average of sixty stocks was off .6 of a point at 57.1, bottom mark for this index since January 21, 1936. At its worst the average was down nearly 2 points. Transfers totaled 1,555,350 shares, compared with 814,050 last Friday.

After a week's forward push, Federal loans were suddenly halted and forced down as much as 17-32 of a point in a drooping bond market. Corporates and foreign dollar issues gave up fractions to around 4 1-2 points on sizeable turnover.

Leading the foreign issues to lower ground were Abitibi Power & Paper 5's, off 4 1-2 to 80 1-4. Japan 6 1-2's dropped 2 3-4 to 83 and Rome 6 1-2's were off 1 1-2 to 70.

STOCKS CONTINUE TO LOSE GROUND

MONTREAL, Sept. 20 (CP).—At least a dozen new lows for the year appeared on the stock market during today's session. Persistent selling reflected weakness in New York and London markets.

Setting a new low for the year at 51 3-4, Nickel recovered narrowly to finish at 52 1-2, down 1 1-2. Smelters acted similarly at 67 1-2, off 2 1-2, after touching 66 1-2. Noranda fell to a new low at 51 and closed at 52, off a point.

Dryden slid 2 3-8 points to 10 after making a new low at 9 7-8. St. Lawrence Paper preferred went to 67, new low, and finished off 3 points at 68. Price Brothers lost 2 1-4 at 27 1-2 and the preferred 2 points at 60.

Reductions of 1 1-2 points each were posted for Cement at 10 1-4; Foundation at 14 1-2, and Dominion Bridge at 37. Dominion Tar lost a point at 8, new low.

Canadian Hydro Electric preferred lost 2 1-2 points, while National Steel Car was at the year's low at 30, down 2 points. Royalite dropped 2 1-2 points to 32 1-2. B.C. Packers posted a new low at 61, off 6 1-2.

WHEAT FUTURES GAIN ONE CENT

WINNIPEG, Sept. 20 (CP).—Wheat futures closed 1 1-8 to 5-8-cent higher on the Winnipeg Grain Exchange today in sympathy with rallies at Chicago.

Eastern interests were credited with buying wheat following sales of stocks and securities, owing to unsettled conditions of world stock exchanges. At the close October wheat sold at $1.26 3-4; November, $1.26 1-8; December, $1.23 1-2 to $1.23 5-8, and May, $1.24 5-8.

Sales of Canadian wheat for export were small and demand for wheat in the United Kingdom was reported quiet. Liverpool closed 1 5-8 to 1 7-8d lower. Buenos Aires tumbled about 2 cents, and at noon wheat prices were 7-8 to 1 7-8 cents down.

World wheat shipments last week totaled 7,374,000 bushels, of which North American clearances were 2,850,000 bushels. World wheat movements were slightly lower in comparison with the 7,460,000 bushels last week, but North America sold 745,000 bushels more than a week ago.

All coarse grains except flax futures closed with fractional gains.

Red Metal Prices Drop at New York

NEW YORK, Sept. 20 (AP).—Export copper dropped more than 1-3 cent a pound today, selling at less than 13 cents, and more than a cent under the 14-cent domestic price. Late sales were made on the basis of 12.95 to 13.06 cents a pound.

The sharp drop led some trade circles to express the belief the domestic spot price, maintained for some time, might be reduced.

Copper futures fell more than 1-2 cent, carrying all contracts under 12 cents a pound, or 2 cents under spot metal. Scrap copper fell 3-4 of a cent to around 11 cents, the equivalent of about 12 1-2 cents for refined copper.

RELIEVING SYMPTOMS IN HAY FEVER

While the injection of pollen extract to help hay fever definitely cures a percentage of cases and relieves others, there are still a large number of cases who get no relief by this method.

Thus when the hay fever season arrives there are always a great many sufferers who are looking for immediate relief from the distressing symptoms of hay fever. Living in rooms for a number of hours a day which filter out all pollen gives considerable relief. The use of preparations containing epinephrine (adrenalin), sometimes combined with ephedrine (the Chinese drug), shrink the lining membrane of the nose, make it less boggy, and give relief sometimes for hours.

Another method is that whereby the pollen in a room is attached to an electrical contrivance and the air rendered free from pollen irritation.

Another method of obtaining relief is by what is known as ionization—direct application of electricity to the lining of the nose. Some research workers report great success by this method, and others, while less enthusiastic, state that ionization "is a valuable help to other accepted methods."

Drs. Samuel W. Garfin and Samuel M. Pearl, New England Medical Journal, give a first or early report, covering six months' experience in the treatment by ionization of sixty-eight cases of hay fever, asthma and chronic head colds. Immediate and complete relief from symptoms was noted during the active state of the disease. Only two of thirty-five patients with head colds and hay fever failed to obtain relief. In twenty asthma patients both with and without fever, relief was obtained in all but two.

The change in the appearance of the lining of the nose from a sickly, pale, boggy, swollen, and water-logged condition, to a healthy appearance, was observed within four to six days. The effect of the ionization is to render the lining of the nose more normal, thus enabling it to better withstand pollen or other irritating substances or organisms.

The point then is that when injecting of pollen has failed to prevent hay fever, ionization may be added to the other methods of relief.

The class had been asked to write an essay on "Winter," and before they began the teacher gave them a few hints. Among other things he suggested that they might introduce a short paragraph on migration. One child's attempt read as follows: "In Winter it is very cold. Many old people die in Winter and many birds also go to a warmer climate."

1 BIRTHS

SMITH—On Sunday, September 19, 1937, at the Royal Jubilee Hospital, to Mr. and Mrs. Victor Smith (nee Bessie Wood), Cordova Bay, a son.

WARNOCK—At St. Joseph's Hospital, September 19, to Mr. and Mrs. J. S. Warnock, 1044 Pendergast Street, a daughter.

2 DEATHS

THOMAS—On September 20, at 1547 Monterey Avenue, Violet E. M. Thomas, the beloved wife of W. Llewelyn Thomas, daughter of the late Venerable Archdeacon J. H. S. Sweet. She is survived by her husband, one son and one daughter, and her sister, Mrs. H. Hamlet.

SHERIDAN—The death occurred on September 19 of Mrs. Emily Twiss Sheridan, a native of Ontario and a resident of Victoria for thirty-five years. The late Mrs. Sheridan was aged ninety-six years, widow of Rev. W. Sheridan, who passed away in Victoria November 10, 1917. She formerly resided on Jubilee Avenue and is survived by one brother and three sisters.

The funeral will take place today (Tuesday, September 21), at 2.30, from the Thomson Funeral Home. Rev. Bryce Wallace will conduct the service, after which the remains will be laid at rest in the family plot in Ross Bay Cemetery.

MATHESON—At the Royal Jubilee Hospital on Friday, September 17, 1937, there passed away at the age of seventy-two years, Angus Matheson, of Mapes, B.C. Born in Valleyfield, P.E.I., the late Mr. Matheson resided for many years at Mapes, B.C. There remain to survive his passing two sisters, Mrs. Sarah Bruce, Seattle, and Mrs. McLeod, of P.E.I.; one niece, Mrs. A. G. Baker, of Port Renfrew, B.C.

The remains are resting at the chapel of the Sands Mortuary, Ltd., and will be forwarded today, Tuesday, September 21, 1937, to Port Renfrew, where funeral services and interment will take place.

NELSON—At the Royal Jubilee Hospital on Friday, September 17, 1937, there passed away at the age of seventy-six years, Aleck Nelson, late residence, Charlton Street, Saanich, B.C. Born in Sweden, the late Mr. Nelson had been a resident of this city for the past twenty-five years. There remain to survive his passing two nieces, Mrs. B. Faaerbere and Mrs. O. Lindgren, both of this city.

Funeral services will be conducted today, Tuesday, September 21, 1937, in the chapel of the Sands Mortuary, Ltd., at 3 o'clock. Rev. E. Bracher will officiate and the remains will be laid at rest in the Royal Oak Burial Park.

NEWBY—There passed away Monday morning at the family residence, 1270 Kings Road, Ada Newby, at the age of seventy-nine years. The late Mrs. Newby was born at Leicestershire, England, and moved to this city ten years ago from Kelowna, B.C. She is survived by her loving husband, Edmund, at the family residence; one daughter, Mrs. W. M. Parker, of 2636 Cedar Hill Road, and four sons, Frank, of Regina, Sask.; Harold, in Vancouver; Claude, at Kelowna, B.C., and Leo, residing at Brooks, Alberta.

Funeral services will be held Wednesday afternoon, at 2.30 o'clock, from the parlors of the S. J. Curry & Son Funeral Home. Rev. Dr. W. G. Wilson will officiate and interment will be made in the Royal Oak Burial Park.

STOCKS—On Sunday, September 19, 1937, there passed away at St. Joseph's Hospital, Grace Stocks, aged eighty-six years. Born in Sheffield, England, the late Mrs. Stocks had been a resident of Victoria for thirty-seven years. There remain to survive her passing four sons, George Percy, of Seattle; Augustus, Ernest Albert and Herbert Victor, of Victoria; two daughters, Mrs. F. C. Winterburn and Mrs. A. M. Aitken, both of Victoria; eleven grandchildren and seven great-grandchildren.

Funeral services will be conducted on Wednesday, September 22, 1937, at 2 o'clock, in the chapel of the Sands Mortuary, Ltd. Rev. O. L. Jull will officiate and the remains will be laid at rest in Ross Bay Cemetery.

What Today Means

"VIRGO"

If September 21 is your birthday, the best hours for you on this date are from 9:15 to 11:15 a.m., from 2:15 to 4:15 p.m., and from 6:15 to 8:15 p.m. The danger periods are from 7:15 to 9:15 a.m., from 4:15 to 6:15 p.m., and from 8:15 to 10:15 p.m.

Much may depend upon your facial expression this day. Wear a smile, and it is likely to give you a great amount of personal charm, whereas frowns will have a repelent influence, especially upon some act of fortune that rightfully ought to come your way. There might be a decided trend this day towards exaggerating, so do not magnify trifles or insignificant happenings. The sense of perception will be keen, and any deception is likely to be easily discerned. Laying down any law that you're liable to violate yourself in an attempt to regulate anyone's behaviour, will be a mistake, for like a boomerang it might cause you to become its first victim. This is a day where any sign of a feeling of excessive eagerness, restlessness, or impatience, will be unwise. Through tactless emotional displays will originate most of this day's cases of irritation. Married and engaged couples, as well as those ready to offer sacrifices at the altar of love, must be careful that nothing they say, this day will have a disconcerting effect upon the listener.

If a woman, and September 21 is your birthday, your personal habits will greatly influence your entire future. Take time to analyze every one of them you are conscious of, and those that you realize need correcting, earnestly endeavor to change them. Fate may play you some strange tricks to prepare you to become efficient in handling a great deal of future good fortune, so let nothing discourage you in a commercial or social way. As a professional hostess, purchasing agent, interior decorator, teacher, dietitian, writer or saleswoman you had best prepare yourself for rapid advancement. Your matrimonial aspects are very favorable, and your path seems to lead to a bed of roses.

The child born on September 21, during its preparatory school days, must be taught the art of being able to concentrate. Another thing this youngster must learn is that obedience is very essential for a successful school career.

If a man, and September 21 is your natal day, you must try to win popularity in both family and business circles to discover that life is really worth while. As a clergyman, jurist, chemist, dentist, physician, scientist, engineer, salesman, manufacturer, author or banker you may have every reason to be proud of your results.

THOSE SURGEONS!

The late Lord Moynihan, one of the best of after-dinner speakers, had a fund of good stories.

"As a young man," he once said, "I intended joining the army, but through the influence of A. F. McGill, the greatest genius of surgery I have ever known, I became a surgeon. One of my friends then said, 'You have found a rather more effective way of killing people.'"

Jane Dixon Says:

THIS HUSBAND HAS JUST CAUSE FOR COMPLAINT BECAUSE HIS WIFE, WHOSE HEALTH IS PERFECT, IS TOO LAZY TO MAINTAIN A CLEAN HOME, ALTHOUGH MATERIALS FOR CLEANLINESS ARE PROVIDED.

There is no partisanship of politics, society, religion or sex in this column.

It purposes to be a Court of Personal Relations to which anyone may come for such counsel or information as it has to offer.

Miss Jane Dixon: I address you as Miss Dixon, although I see you admit you have a husband; so I guess the Miss is left over from your maiden days, what you call a press name.

Well, that is O.K. with me, if it's O.K. with your husband; but I see you give the women most of the breaks, so why not give the men a tinkle once in a while.

I'm a husband, with one poor excuse of a wife and six promising children. Shortly after we were married, I took a long chance and went in debt for a home that was to be a home for the rest of our lives. A real place, with five acres of ground to expand on.

I've paid off the debt. The home is ours. But——

You ought to see it now. It's a wreck. I'll admit the six children haven't helped to keep it in shape, but I repair or have repaired any material damage done. What I'm talking about is the dirt and the disorder in the house. I've hired help to take care of that, too, and they sweep like a new broom when they come in, but after a couple of weeks the place is right back in the bog again.

My wife seemed so listless that I took her to a doctor. He examined her and said she was in perfect health. The examination was so thorough that it cost fifty dollars, but I don't regret the fifty because now I know what's wrong with her.

She is just dumb lazy.

She is too dumb lazy to tell tired help to do what she is too lazy to do herself.

For the sake of the children I have taken no definite action, though I've talked my throat hoarse trying to get the wife to pep up. Now the children are growing up, and I feel the urge to look around and find a woman who can pick herself up from a chair or a bed long enough to make herself look like a lady, and long enough to make her house look like a home.

What have you to say for or against me?—Just Another Provider.

Comment: I would tell the wife that either she must get up and get going, or I would get out and get going.

I would give her to understand when I delivered my ultimatum that I meant business, and I would make no compromise with her or with myself. If she failed to get up, I would get out. And I would make every effort to take the six children with me. If that doesn't get her out of her chair and her bed—nothing will. A healthy mother who is too lazy to keep herself clean for her husband and to maintain a clean home for her children, when all materials for cleanliness are provided, deserves neither husband nor children.

There ought to be a law.

STAR SALESMEN TO BE HONORED

Leading Producers From B.C. and Northwest Will Attend Congresses

While members of the Star Salesmen Club of the Metropolitan Life Insurance Company from Victoria and district and Vancouver travel East for the sales congress of the Canadian field force in Ottawa, their American confreres from the Pacific Northwest will gather in Victoria on Wednesday, Thursday and Friday on a similar mission.

The ten members of the Victoria and district sales force, led by W. W. Macdonald, who will make the trip East, are W. Broadhurst, S. J. Laity, R. A. Semple and George Spencer, all of Victoria; Herb Bool, Fred Cave and T. A. Watkin, Nanaimo; C. A. Macrae, Courtenay; John Morrison, Powell River, and A. J. McLean, Duncan. A similar number from Vancouver and two from Vancouver South will make the journey to the Canadian capital.

Members of the sales force from the Pacific Northwest who will arrive here on the afternoon boat Wednesday, will be led by Henry E. North, San Francisco, vice-president of the company, and will register at the Empress Hotel, where the three-day session will be held. Approximately sixty leading salesmen from California, Washington, Oregon and Idaho are expected to be present.

MANY NAMES ARE BACK ON LISTS

A very considerable number of voters in the three ridings of Victoria City, Esquimalt and Saanich omitted to cast their ballots at the last provincial election, although their names were on the lists. They had the opportunity yesterday to be restored to their place for the next election.

While the numbers had not been computed last evening, the registrar of voters gave the information that there had been many placed in the position of having their names automatically restored to the lists.

In addition to these, applications were received from a number of new voters who made the necessary declaration and thus were placed on the lists.

FIRE PREVENTION WEEK

OTTAWA, Sept. 20 (C.P.).—A proclamation was published in The Canada Gazette setting aside the week of October 3 to October 9 as Fire Prevention Week.

MAN IS FACING GRAVE CHARGE

Tony Birdar, Arrested at South Slocan, Accused of Attempted Murder

Tony Birdar, a Central European resident of South Slocan, was under arrest and charged with attempted murder of two persons and the wounding of a third, following a Sunday fracas believed by the Provincial Police to have developed out of domestic differences. Pending investigation of the trouble, details were not known at headquarters of the force here.

Preliminary advices to headquarters stated two persons were in hospital, but not gravely injured, and a third at home, after a dispute in which they had been assailed. Names of those injured could not be ascertained immediately, but full investigation was ordered.

Meanwhile, Birdar was taken into custody and charged with complicity in the affair, said to have taken place among a group of Jugo-Slav settlers in the South Slocan area.

The condition of those in hospital was said to be satisfactory; while a third victim was at home after first aid treatment. The nature of their wounds was not indicated.

FATALLY HURT DIVING

CALGARY, Sept. 20 (C.P.).—Injured when he dived into a shallow swimming pool, Francis Callaghan, twenty-one, died in hospital here today. He crashed into a rock and suffered a broken neck on Sunday afternoon.

DOMINION OFFERS "IT'S ALL YOURS"

Madeleine Carroll, Francis Lederer And Mischa Auer in Sparkling Comedy Film

With Madeleine Carroll, Francis Lederer and Mischa Auer heading a stellar cast and with a scintillating story competently directed by Elliott Nugent, Columbia has clicked again with a romantic comedy entitled "It's All Yours." This sparkling entertainment opens at the Dominion Theatre today.

Mary C. McCall, Jr., wrote the screen play, which is an extremely amusing one, marked by constant high comedy surprises. Featured in the supporting cast are Grace Bradley, as the gold-digging gigolette; J. C. Nugent, as the rich uncle, and Charles Waldron. Each offers a splendid portrayal, as do Victor Kilian, George McKay, Arthur Hoyt and Richard Carle in lesser roles.

SOUTH AFRICA'S GROWTH

Sir,—I have just received a letter from South Africa to the effect that the Government is endeavoring to establish a marketing board to enable it to provide dams for irrigation and water windmills, granting cattle, seeds, etc. This is a vast difference in principle to our own Marketing Board that helps few producers but finds jobs for political friends. Patronage, nothing else, and the general public is paying increasing taxation in extra cost for food.

He asks me why Canada, in 200 years, has only developed enough to support only ten million people and Australia five million, when in fifty years South Africa has close on two million white and many millions of natives. I replied that South Africa has got only one Government, Australia has three or four Governments and we got ten Governments, and as Governments cost millions to run we are taxed to such an extent that the Government and its staff take the money of the nation and leave so much less to develop the country. Is this not so? The Government of South Africa has now 2,500 miles of railways that are a source of revenue for the Government, not a loss as with us. I grant the fares in South Africa are the highest in the world.

Their tonnage in shipping has increased ten times what it was, and the number of ships calling and leaving are five times as many, all in the last six years. Most of them are from England, and then Australia, Germany, Sweden, Italy, Japan and South America, and two ships from New York a month and a few freight ships from Canada.

What would some of our miners say if they were taxed? Gold is worth $34 an ounce. The South African Government taxes the miner $20 an ounce and does not ask any income tax from people who have less than $2,000 a year.

F. J. BRADLEY.

MADE DEPARTMENT CHIEF

EDMONTON, Sept. 20 (C.P.).—Dr. R. B. Jenkins, Edmonton medical health officer for the past eight years, has been appointed chief of the Division of Epidemiology for Canada with duties beginning in Ottawa October 12, it was learned here today.

"I hear old Sam Twister has received a sentence of twelve months' imprisonment," said Hozone.

"What a terrible blo for his wife," remarked Tooter. "However will she carry on with the business?

"Oh, the plucky woman is advertising it for sale, stating that the owner has been compelled to move into larger premises," replied Hozone.

DEATH SUMMONS SASKATOON MAN

Alexander Porteous, Former Civic Official in Saskatchewan City, Dies at Nanaimo

NANAIMO, Sept. 20.—Alexander Porteous, for many years a prominent civic official of Saskatoon, Sask., passed away early tonight at the home of his son, George, manager of the Metropolitan stores in this city.

Mr. Porteous, who was born in Colbourne, Scotland, sixty-two years ago, came to this city four months ago to recuperate after a serious operation. He had made Canada his home for the past thirty-three years.

For thirty-two years the late Mr. Porteous had conducted a successful tailoring and dry cleaning business in Saskatoon. In 1912 he organized the Saskatoon Horticultural Society and acted as secretary-treasurer of the organization until his departure for the Coast.

He had served with the parks board of Saskatoon for twenty-two years and had been chairman for several terms, and was also prominent in I.O.O.F. circles. He is survived by his wife and one daughter, Miss Emma Edith, both of whom are in Nanaimo at present, and two sons, George, of this city, and Robert, of Vancouver. Also surviving are three brothers, John, of Saskatoon; George, of Springside, Sask., and Robert, of Vancouver, and two sisters, Mrs. Charles Mason, of Vancouver, and Mrs. Agnes Empey, of Saskatoon. The remains will be forwarded to Saskatoon for burial.
